

Asymptomatic COVID-19 Testing Resources

These resources are **only** for patients or community members looking for asymptomatic COVID-19 testing. They **cannot** replace a pre-procedure test or a test ordered by your physician.

Family Medicine Residency of Idaho

215 E. Hawaii Avenue, 1st floor, Nampa
208-514-2500

- Asymptomatic patients may be tested if there is capacity.
- The Nampa location is preferred and will have the most capacity. Boise/Meridian locations are also available upon request.
- Call for a pre-screening questionnaire and to schedule an appointment. Results expected within 3-5 days.

Primary Health

1375 N. Happy Valley Road, Nampa
208-809-2869

3280 E. Lanark Drive, Meridian
208-377-4400

- Asymptomatic patients may be tested for COVID-19.
- For children 17 years or younger, please use the Meridian location.
- Call to schedule a same-day appointment. Results can be expected within 3-5 days.

Rite Aid

5005 W. Overland Road, Boise
3250 S. Eagle Road, Meridian
2107 Blaine Street, Caldwell
451 Deinhard Lane, McCall

Website:

riteaid.com/pharmacy/services/covid-19-testing

- Asymptomatic patients may be tested if they are 18 years or older.
- Visit the website for a pre-screening questionnaire and to schedule an appointment. Results expected within 1-3 days.
- Personal identification is required at time of test.

Costco

2051 S. Cole Road, Boise

208-321-8700

16700 N. Marketplace Blvd., Nampa

208-465-3800

Website: [costco.com/covid-test.html](https://www.costco.com/covid-test.html)

- Asymptomatic patients can purchase a home test kit through the Costco website. The test is provided through AZOVA Testing, which has Emergency Use Authorization by the FDA.
- After checkout, you will receive an AZOVA coupon code from costcomember@azova.com for each test kit ordered.
- Go to [AZOVA.com/costcotest](https://www.azova.com/costcotest) to redeem your coupon code, complete a health assessment and register for a lab order and test kit. This must be completed for your test to ship.
- The test may be delivered to your local Costco pharmacy or your home within 3 days.
- A pre-paid shipping label will be provided with your test to have it sent back for results. Contact your local Costco for questions regarding purchase/shipping.
- Results can be expected within 1-3 days once your test has been received for processing.

Albertsons

Contact your local Albertsons pharmacy

Website: [albertsons.com/pharmacy/covid-19.html](https://www.albertsons.com/pharmacy/covid-19.html)

- Asymptomatic patients can order a home test. The test is provided by Phosphorous Diagnostics, which has Emergency Use Authorization by the FDA.
- Visit the Albertsons website to fill out a medical questionnaire before receiving your test.
- The test may be delivered to your local Albertsons pharmacy or your home.
- Results can be expected within 2-4 days once your test has been received for processing. The approximate out-of-pocket cost is \$140.
- This test does not currently meet the requirements for pre-travel testing to Hawaii.
