A predetermined late fee can be applied to all late applications. In all leagues, **late sign ups will be assigned to a team by the League's Directors, in a predetermined order not known by the coaches.**

- C. The Third-Grade Leagues and up will use a selection procedure that will attempt to balance the talent level of each team (draft).
- D. If the number of players in a league requires a reduction or increase in the number of teams, the Youth Baseball Board will discuss and implement the method that is "In the league's best interests".

III. RULES AND GRIEVANCE COMMITTEE

- A. The rules and grievance committee shall be manned by several league directors, commissioners and executive board members. The President of Youth Baseball and the Head of the Umpires shall be permanent members of this committee.

In the event a solution can not be attained, **protests must be made to the umpire and opposing coach at the time of the play in question.** If a protest is declared both coaches will note the exact point in the game in their score books along with the count, number of outs and the exact position of the base runners. **Once the next pitch is thrown, no protests on the any previous play will be heard.** The game will be completed and written protest covering all the particulars of the decision or rule violation in question must be filed with the league's directors within 24 hours of the field protest. The league director will then forward the protest to the Head of the Umpires, who will in turn present the protest to the grievance committee. Only the 'Grievance Committee' will have the authority to act on any protests and their judgment shall be final. No protests will be allowed in the Third-Grade Leagues and younger. All judgments should be rendered within one week.
- C. Third Grade Leagues and above shall be governed by official WIAA (NFHS) High Federation of High School baseball rules, **with exceptions printed and distributed to coaches.**

If only one team maintains a scorebook, that book shall be declared the official book for that game.

- O. Coaches, your parents are encouraged to be “fans” and not “fanatics”. Fans viewing the game from behind the backstop area are encouraged to cheer but are NOT allowed to coach players or attempt to influence the umpires. (This is a judgment call by the umpires)

Penalty for an illegal pitch:

The umpire, upon recognizing an illegal pitch, will give the delayed dead ball signal, (i.e., arm extended).

-If the batter doesn't swing, it is automatically declared a ball.

-If the batter swings and does or does not make contact, the coach of the batting team has the option of accepting the result of that play or taking the automatic ball.

(For example, if the player reaches first base, the coach may decide to accept that result, but he would take the ball, if, for example, the batter grounded out on the illegal pitch.)

- B. Pitches that are allowed below the 7th & 8th Grade League are Fastball, Straight Change, Palm ball, and Knuckle ball.

- H. Coaches allowing the use of illegal equipment will be reported to the Disciplinary Committee and will be subject to possible suspension and forfeiture of the game in question.

IX. MISCELLANEOUS GAME RULES

- A. On Twilight diamonds - when adult games are scheduled after a Youth Baseball game, adult teams shall not interfere with the Youth Baseball game.
- B. There shall be free substitution on the field in all leagues after the starting players have played one complete inning of six consecutive outs. A player may re-enter the game defensively provided:
1. He/she does not re-enter before his/her substitute has played at least one full inning in the field in which he/she was substituted.

2. A pitcher does not return as a pitcher. This does not apply to K-2 leagues.
 3. Once a player takes a defensive position in an inning, they should not be removed from the field until the completion of that half inning, except for the pitcher – the pitcher can be removed.
- C. A regulation game will be six (6) innings or if trailing team has at least completed their half of the 4th inning when called due to rain or darkness.

A game will be called if one team is twelve (12) runs ahead at the end of four (4) innings, or ten (10) runs ahead at the end of five (5) innings. If at any time after the first inning a team accumulates a 15-run lead and time limit has been reached, a “sudden” end to the game will be called. (note: The 15-run rule voids the rule regarding the length of a regulation game.)

- D. In cases where teams play back to back games as a double header, each team will be given 10 minutes from the completion of game #1 to use the restrooms eat or regroup. The umpires will begin game #2 promptly. Teams delaying in taking the field will be warned and given one (1) minute to take the field and be ready to play.

If teams still delay after being warned, the umpires will declare a delay of game and the offending team will be given an out. This will continue every minute until the offending team is ready to play ball.

Games can begin early if both coaches and the umpires agree.

- E. Awards will be given as determined by the FYBB Board.
- F. When playing on the Russell North field, any ball hit into the bleachers of Russell South will be a "Ground Rule Triple". A ball hit beyond the bleachers will be an automatic home run.
- G. **K-5 thru 6th grade leagues “All runners must slide feet first when any “Play” or “Attempted Play” is being made on them at a base or home plate. Failure to slide will result in “Dead Ball” being called and the runner that did not slide being called out.” (Umpires Discretion)**

The only exceptions to this rule are:

-If a throw at home plate is so far up the line that the runner is unable to slide and still reach home plate. (Umpires Discretion)

-If a throw to a base or home plate is so far off line that the defensive player has no chance to field the ball and make a play on the runner. (Umpires Discretion)

-A runner going from home plate to first base.

X. RESCHEDULED GAMES

Baseball schedules are made far in advance so that teams know when they will be playing. *Teams are required to play if they have 6 players able to make the game.* However, there may be circumstances when games need to be rescheduled. **Games can only be rescheduled with the approval of both head coaches involved and the Head of Umpires.**

(Teams rescheduling games without the Head of Umpires approval will each be given a loss and the games will not be rescheduled.)

1. Postponed and Suspended Game Ruling, Definition and Procedures
 2. Suspended games referred to here are the kind of games halted due to rain or darkness, generally the game has been played the required number of innings but the game remains tied, and the tie must be broken by resumption at a later date. This must be completed in seven (7) days.
 3. Procedure: The object for both teams shall be to finish the original part of the game from the point of suspension with both teams playing as close to the exact conditions as were being played when the game was suspended. The same rulings listed below shall apply to both teams when they alternate their turn from batting to fielding and vice versa.
 4. Team at Bat: Resume the game from point of suspension by using as close to the exact batting order as at moment of suspension. Example: The same player that was at bat must be at bat when the game is resumed. If the player is not present, his/her name is scratched and the roster must continue to follow the order as close to that as it was at the suspension of the game, and is made possible in relation to youth showing up for the game. Any player arriving late for the game shall be placed at the bottom of the batting order as per Rule IV, E. If original game ended at that point of suspension where the last youth completed his/her turn at bat, then all substitutes present at the resumption of game time shall be placed at the bottom of the batting order and follow their turn at bat before the top of the batting order comes.
 5. Team in Field: Resume the game by having the same pitcher as at the point of suspension initiate the pitching assignment if he/she is present. The same pitcher may pitch only the balance of remaining innings allowed as if in one single regular game. Example: If pitcher is allowed five innings in a regular game and he/she has pitched four innings in the original part of this suspended game, then he/she is allowed only one more inning to pitch, then a substitute must be named. **A pitcher once removed as a pitcher from the original part of this game, or the resumed part, may not return as a pitcher.**
1. **ALL POSTPONED and SUSPENDED GAMES** will be rescheduled between the

two coaches concerned. They must then apply to Youth Baseball for a diamond and umpire. If the coaches in question cannot agree upon a time, location and date that is available, Youth Baseball will assign a time, date and location for the game. It is the coach's responsibility to notify all of his/her players of their game, including date, time and diamond location. If a coach refuses, his/her team will forfeit the game.

On the night of a rainout, coaches must contact the opposing coach to set up a makeup time and date. Coaches can then call the designated person to reschedule the game. **If the coaches cannot come to an agreement as to the makeup date and time within 24 hrs, a makeup date and time will be assigned to them.**

2. Canceled games will be played within seven (7) days or teams refusing to play will receive an automatic loss.
3. End of Regular Season: In a case where the end of the regular season arrives and postponed or suspended regular season games have yet to be played, the following procedure will be used:
 - a) Games will not be made up if they have no bearing on the league's final standings.
 - b) Games that need to be played will be played on Thursday or Friday immediately following the regular season. The time, date and location of each game will be determined by Youth Baseball.
 - c) If the Thursday or Friday following the season does not afford the Leagues enough time to get the games in, Youth Baseball reserves the right to assign a time and date to complete the games.
 - d) Every effort will be made to keep the League on schedule.
