FOR IMMEDIATE RELEASE

SKILLSHARK PARTNERS WITH ONTARIO VOLLEYBALL ASSOCIATION

[SASKATOON, SK, September 17, 2024 -] SkillShark Athlete Evaluation Software, a leader in the athlete evaluation tech space, to improve the feedback process for referees of the Ontario Volleyball Association (OVA).

.....

SkillShark is proud to announce a new partnership with the Ontario Volleyball Association (OVA), the country's largest volleyball association.

SkillShark offers sports organizations a mobile app solution to track and assess athletes from anywhere. By digitizing athlete evaluations, coaches can now easily access performance data from any smartphone or tablet.

By partnering with SkillShark, OVA referees will now receive better feedback that takes far less effort. Referees will receive a report card after each evaluation, providing a detailed breakdown of their skill sets and performance metrics.

“We couldn’t be more excited for a bright future between our two organizations. The OVA are leaders in the volleyball space for a reason and have proven to be very forward thinking about how to improve the feedback process. SkillShark is the leader in the sport feedback space for athletes, officials, and coaches and has significant benefits to our customers by increasing the quality of feedback to all involved which increases registration numbers in following years.” Neil Anderson, Founder of SkillShark.

"The referee program is very excited about the SkillShark project as we see its potential and how powerful it can be in providing clear, timely and organized reports for our referees and their development. We’ve said for years that we've wanted to create a database of referee reports to track over time and per individual and SkillShark will allow our mentors to do so. Over the next 3 years, thanks to SkillShark and its team, we foresee great improvements in the administration of our referee mentorship program and we look forward to using it at our events across Ontario!" Kelvin Cheng, OVA Manager of Operations.

ABOUT OVA

Since 1929, the Ontario Volleyball Association (OVA) has been at the forefront of promoting, delivering, educating and ensuring the quality of the sport of volleyball in Ontario. As the official governing body for volleyball in the province, we are involved in every facet of the sport by offering programs at all levels for both indoor, beach, and sitting volleyball. Over the years the game and sporting world has evolved and so too have the programs and services we offer, strongly reflecting our belief in “Volleyball for Life.”

The OVA is an athlete-centered association providing leadership and expertise in the growth, development, and delivery of volleyball in Ontario.
