

Michigan Jaguars FC : Rochester-Romeo

Michigan Jaguars FC expands into the Rochester, Romeo, and Washington Township markets through strategic partnership with Sporting Michigan Soccer Club.

Michigan Jaguars FC is proud to announce a new partnership with Sporting Michigan Soccer Club—uniting two of Michigan’s leading youth soccer organizations. This collaboration marks a significant step forward in player development, facility access, and—most importantly—a shared commitment to community-focused growth. It also represents Michigan Jaguars FC’s official expansion into the North Oakland and Macomb County markets.

The newly unified club will operate under the name Michigan Jaguars FC Rochester-Romeo, becoming the first club in that area to join the Jaguars family. This move reflects a broader vision to grow the Jaguars’ presence across Southeast Michigan. By partnering with Sporting Michigan, who share a commitment to community, excellence, and player-centered development, the Michigan Jaguars are looking forward to building and learning together.

“We’re proud to welcome Sporting Michigan into the Jaguars family and to become part of the Rochester area community,” said Paul Tinnion, Executive Director of Michigan Jaguars FC. “This partnership is rooted in shared values and mutual respect. Together, we’re not only expanding geographically—we’re building a long-term foundation focused on relationships, support, and opportunity for local players and families.”

Through this partnership, players will benefit from access to high-quality training and competition facilities, including Borden Park, Oakland University, and Gilcher Park—providing convenient and professional environments for athletes of all ages and levels.

“This partnership is a meaningful step for youth soccer in our area,” said Jason Davis, Director of Sporting Michigan Soccer Club. “Joining the Michigan Jaguars FC family is a natural fit and will help us build on the unique club culture we have developed over the past 15+ years. That culture is rooted in core values that align with the Michigan Jaguars FC core values. We’re proud to be the first Rochester-area club to lead the way into this exciting new era.”

The new Jaguars branch not only strengthens the pathway from grassroots to elite competition, but also creates a unified, community-driven model that places families and players well-being at the center. Details on program integration, team structures, and club operations will be announced in the coming weeks. Families and players from both organizations can look forward to an enhanced soccer experience, expanded resources, and a united commitment to excellence.

**Best regards,
Paul Tinnion and Jason Davis**
