

EHL PLAYER RIGHTS, RULES, AND RESPONSIBILITIES

Prior to the start of the current season, all players, and a player's parent(s) if player is a minor as of the start of the current season, the player and player's parents must acknowledge that they've received a copy of the EHL Player Rights, Rules and Responsibilities.

- 1) Agreement Effective Date -- No contractual agreement for the 2022-23 season with or regarding any player shall be valid until January 1st, 2022.
- 2) Agreements with Minors -- No agreement with any player under the age of eighteen (18) is valid without parental endorsement and / or written consent.
- 3) Complete Service of Existing Suspensions Required -- A player who is under a disciplinary suspension by his current league or team, unrelated to the player's departure, may not move to another EHL member team and compete for that team, until such time as the suspension has been fully served.
- 4) Adjustment of Financial Obligations Upon Departure
 - A. Written Notice -- The party initiating the separation between the team and the player, whether that be the team by trade, drop, etc. or the player by quit, departure, etc., shall give notice to the other, in writing of their decision. The date of the notice shall be considered to be the date of the action.
 - B. Adjustment of Billet Fees -- Upon payment by the player to the billet family for any expenses, (e.g., phone bills, internet charges, repairs or maintenance necessitated by the player's use, damage done by the player during occupancy, etc.), over and above room and board, incurred while the player is residing with the family, and a fair apportionment of the final month's billet fee, the player shall be released from any further obligation to the billet family.
 - C. Adjustment of Tuition -- Any player who fails to satisfy his reasonable financial obligations to their billet family or the team on whose protected list he currently appears, may be suspended until such time as those financial obligations shall have been fully paid and mutual releases executed. Any player who is being transferred to another EHL member team, dropped by an EHL member team, or leaves an EHL member team, without tampering involved, shall be entitled to a refund applying the following refund schedule of any tuition monies paid in advance for any portion of the season which remains after his departure. The general rule to be applied to determine the reasonable amount of the tuition refund due the player or, in the alternative, the amount of tuition yet due the team shall be as follows:
 1. From Date of Signing to September 30th
From the tuition for the full season, an amount up to 25% thereof shall be refunded (deducting for recruitment and related expenses).
 2. From October 1st to End of Team's League Season
From the tuition for the full season, there shall be no refund due.

A player cannot be signed by a new team if the calculation results in a tuition payment due from the player plus any additional obligations owed to his then current or initial team and/or his billet family.
 - D. Player Action (Without Tampering)
