

Divisional Guidelines Amendment Proposal Form

Proposed Amendments must be submitted in accordance with the corresponding current Divisional Guidelines published on the NWBA website: <https://www.nwba.org/divisioninfo>

Section: Article V, Section IV

Proposed By: Voting Member, Keith McMinn

Summary of Proposed Change:

Require new women entering the division to play for the team closest to their home.

Current Guideline:

'Fly in' policy is not written into the guidelines and is handled on a 'case by case' basis.

Proposed Guideline: (All changes and/or deletions must be marked)

Add an amendment that women entering the division must play for the closest team to their home. Women already in the Division can be grandfathered in to continue playing with their current team, however all future requests to play on a team other than the closest team to their home should be denied.

Rationale for change:

To be able to grow the division and align with other divisions. New teams that contribute to division growth have a difficult start up if players can jump from year to year to a new team.

Section 4: Team Roster (Adopted June 1, 2011)

- (a) Team rosters are limited to 15 accredited players. No additions of veteran players may be made after December 31st unless a same season transfer has been granted. Novices may be added to rosters up to 15 days prior to Women's Nationals. Novices shall not be considered part of the 15 accredited players.
- (b) Teams will be allowed to ship in seven (7) classification points. Players who are rostered with their most proximal team will not be considered a ship in.
- (c) All women's teams have adopted the functional classification system
- (d) Teams are allowed a total of 15 points on the court.
Teams may play multiple AB (4.5) athletes at the same time given their total points on the floor is less than 15.
