Essay

“The servant-leader is servant first. It begins with the natural feeling that one wants to serve. Then conscious choice brings one to aspire to lead. The best test is: do those served grow as persons; do they, while being served, become healthier, wiser, freer, more autonomous, more likely themselves to become servants?” —Robert K. Greenleaf

How do you see yourself as a Servant leader? Describe a situation in which you as the servant leader brought about Change while serving others and how it affected your personal growth.
