2016 WOLVERINE
FOOTBALL

Wolverine Football

This is my 23rd year of running the Wolverine System and I am very pleased to announce the system is as strong as it has ever been. When I began running the program we had 85 players and had to merge with Mercer Island to form our fifth team. Today our club field's teams at all levels. When there are so many other sports and options to participate in we feel privileged to have your child be part of the Wolverine Program.

Obviously this has been a challenging year for the entire Wolverine Football Community. From Varsity through the youth. No need for me to go into details or explanations. If you are reading this you are Pro-Wolverine. We all need to realize that the Wolverine Football Community will survive and be strong like always. And it is important you stay part of the great things that are happening.

Our numbers have taken a dip in the past year as well and we have implemented plans to grow and maintain our success. 1. We have heard the concerns about concussions and I am very excited to announce we are the first junior program in the country to use Ativus rugby style tackling. Rugby style tackling uses shoulder strike and completely removes the head and neck from the process. Last year was our first year we saw zero concussions on the teams using the Ativus Style. 2. Next year we are happy to announce we will be starting our first flag football teams for the younger players. Look for information on our website around the start of the year.

This season I am very excited about all our coaches. This is a seasoned group of coaches who understand the priorities of being a Wolverine coach. The coaches' success is not judged on wins and loss's but how the players are treated and how much the players improve. With smaller numbers the balance of pushing players to be the best they can, while having retention year over year is priority number one.

Every person in our program is a volunteer and it takes several people who are willing to take on the system philosophy. Our coaches are the front line to our success. I believe we have the best coaches in the entire league. All our coaches are background

checked and certified. Our coaches are competitive and composed at the same time. For example: A few years back during the championship week we had seven teams still practicing. We invited other systems (already eliminated from the playoffs) to watch how we practice and what we do. What stood out to one of the visiting coaches was when he said, "Such an important week, and yet your coaches never yell". Now, I would not say our coaches never yell, but it does support how our coaches keep things in the proper perspective.

Our system needs volunteers, more than just coaches. We continually need equipment managers, field managers, web masters, apparel, registrars, team mom coordinators and GEJFA representation. As kids go through our program so do our volunteers.

I also serve as Vice President and sit on the grievance committee for GEJFA. I regularly see issues in the league when it comes to parent support, player and coaches' decorum. Unfortunately it seems each week we have people come before the committee; fortunately we have had the least amount of coaches and player come before grievance (2 in 20 years). I am very proud to be the club head that is seen as the class of the league. It is great to know every Saturday everybody involved in our club will keep a proper perspective during such a competitive and emotional game.

The commitment to be one community; high school through youth runs through the booster club as well. And it will continue to do so, our Jr program and high school program run as one. We continually share ideas, events and funds when needed. I strongly encourage every one of you to go to a booster club meeting and participate before your son gets to high school. Educate yourself on how the football community really works and remove any speculation you might have. The amount of resources it takes to run not only the best program in the state, but one of the best in the nation.

If you have any questions or concerns about our program please do not hesitate to contact me. I look forward to another great season.

Brian Jeffrey Nelson 1963-2016

Brian Nelson was one of the finest linemen to ever play at Bellevue High School. He was an even better husband, father, son, brother and friend. He was a team captain and an All-Kinco offensive and defensive tackle in 1981.

He was the cornerstone of the legendary undefeated, untied and un-scored-upon Bellevue Junior High Wolverines football team of 1978.

We lost Big Bri. Brian was at his best when times were toughest. The past three years he battled his illness with the same courage and determination that exemplified his life. We are fortunate to have known him and blessed to have witnessed his shining example of a life lived to the fullest. May perpetual light shine upon him.

“All Hail the Blue And Gold”
Trygve Carl Skoglund
Spirit Bell

In the memory and spirit of Trygg Skoglund, Class of 2000, a newly replaced bronze bell proudly rings at Bellevue High School football games. Senior players will continue the tradition of ringing the spirit bell as they embark upon the field on game night. The dedication and original bell was built in 2001, from loving donations of our school families, friends, and Booster Club. Unfortunately, the old historical cast iron bell had a crack in it. So that our tradition wouldn't be lost, the Skoglund family replaced the bell. A school landmark, this bell symbolizes the spirit of Trygg and his love of Bellevue Football.
