

To: Minnesota Hockey – CCM High Performance District General Managers

Re: Spring High Performance Programs and COVID-19 Plans

After review and cancellation of Minnesota Hockey's State Tournaments and current rink and school closures in the state we are suspending tryouts effective immediately until further notice, for our 14, 15, 16 and 17 Programs.

We will be exploring alternative times and processes with our Program Director's for team selections.

All events (Festival/Final 54 and Boys NIT) starting April 17th and continuing through May 3rd will not be canceled but we will continue to monitor the Minnesota Department of Health guidelines and communicate with you on an ongoing basis.

We will continue to update players and parents via email and through as it relates to all tryouts, festivals and procedures that may be put in place.
