# LIL HUSKIES

## Huskies Hockey Club Initiation Program

The Huskies Hockey Club is excited to announce a new fun skill based developmental program with Coach Green and Staff.

### First Impressions of Hockey-

The main goal is to make the beginner's first impression of hockey a good one! When players get started on a positive note, they automatically enjoy the game and usually go on to have fun playing hockey for many years. Welcome to Lil Huskies!

- Programming will be delivered through a progressive learn-to-play teaching curriculum that spans the five to eight year old age group.
- Children learn best through participating in practice drills and sessions as well as informal and modified games such as shinny, freeze tag and obstacle courses.
- The program consists of different levels of instruction, designed specifically for young hockey players. Each level consists of a series of practice plans (lesson plans) that follow a defined path of progressions.
- The skills of skating, puck control, passing and shooting are introduced and refined in the progressive 'one step at a time' manner.
- Although the emphasis is on fun and skill development, hockey at these ages should also allow youngsters to experience fitness, fair play and cooperation.
- To ensure a positive experience for the children, a coaching clinic has been designed for on the on-ice coaches that focuses on communication, teaching skills, leadership, skill analysis, lesson organization, and safety and risk management.

A registration confirmation will be emailed upon receipt of completed registration form and payment. Full payment is due at time of registration. **Registration received without payment will not be considered.** Spaces are limited and will be filled on a first come first serve basis. **Please note, each session has limited spots.
