

## North Branch Wrestling Association Code of Conduct Standards

The following is adopted policy of this organization for the benefit of the membership, sponsors, and related organizations to which we offer support. Membership as well as presiding officers will be required to conduct themselves at all times to prevailing standards. This organization will require a general respect amongst its membership. The following items will not be tolerated and if uncorrected will result in expulsion from the association.

1. No abusive or vulgar speech will be allowed.
2. No physical, emotional, or threatening behavior will be tolerated. When instances arise that result in disagreements please seek assistance through a NBWA officer. Our goals will be to resolve any possible conflicts responsibly and productively.
3. When conducting Association business it is imperative that we follow any and all pre-established guidelines, ordinances, rules, and laws that apply to the use of tobacco and alcohol. We recommend refraining from the use of either substance during all Association published dates and times. Good judgment will result in successful events that do not compromise the integrity of our stated mission.
4. Harassment in any form is prohibited and will result in immediate expulsion.
5. Support all the members and their respective children. We all have different talents that when combined allow us all to achieve beyond our individual initiatives. If you don't have a positive comment, keep it to yourself.
6. The NBWS works through the ISD 138 Community ED for access to ISD 138 facilities. The NBWA will incorporate and follow whatever protocol and or directive are mandated by Community Education. It is important to note that none of our initiatives are without the support of Community Education.

The above is meant to be a general guideline that defines the expectations for personal conduct. The intent is to develop a reasonable standard that does not address all of the unintended consequences that can result from conducting our business. We cannot allow our standards to be compromised.

Thank you for your continued care and support that allows our organization to set the standard for conduct, character and community service.

We as a parent in the NBWA agree to the policies and procedures. We understand that failure to follow may result in asking my child to leave practice, tournament, or further consequences.
