

Rookie Leadership

Most programs have a dad with limited coaching and playing experience. Not the Choice Rookie League.

Training curriculum has been developed by former NHL player Jamie McBain. He has designed the training and practice plans for each practice the entire season.

Accomplishments:

- 352 NHL Games
- NHL All Star Rookie Season
- 2006 2nd Round Draft Pick
- 2009 Hobey Baker Finalist
- WCHA Player of the Year 2009
- All American University of Wisconsin
- 2 time Team USA World Jr
- Gold Medal with Team USA U-18

WINTER HOCKEY ROOKIES & TYKES

• for 3 to 6 year olds •

• MMIC EDINA & MMIC SLP •

Your Best Choice For Winter Hockey

If it's your son or daughter's first winter season playing hockey, let us be the first to say "Welcome to the club!"

Hockey in Minnesota is part of our heritage and the torch is being passed to your family. Whether your family is new to the game or you come from a long line of hockey players, Choice Hockey is the best option for your young athlete.

It's about ICE TIME

We own our rinks which makes it possible to provide all the ice time needed for the best development for your developing athlete.

Minnesota Made Hockey has two facilities consisting of four sheets of ice - Edina and St Louis Park locations. Two full-size rinks at Edina and two 3v3/training rinks at St Louis Park.

Rookies skate at both facilities. You will get your entire schedule for the season at the beginning of the season. You will always know when you skate!

For the Choice Rookies & Tykes It's about DEVELOPMENT

Choice Rookie Hockey League is a skill-based program for 4-6 yr olds. Each team will receive 60 hours of indoor ice sessions - approximately 42 practices and 11 games.

Players will develop strong skating fundamentals - including forward striding, stopping and balance; even edge control, crossovers, and backward skating will be added throughout the season

This training through repetition will give your skater a big jump start on the competition.

NEW! Tykes Hockey League

Designed for 3-5 yr olds who have completed Learn to Skate and want to keep building toward a team environment. It bridges the gap between basic skating skills and full-entry Rookie League play, focusing first on building confidence and coordination in a fun and supportive environment.

Coaches emphasize a fundamental progression that is reasonable for the age while fostering a love for the game. Tykes is ideal for skaters who are comfortable moving independently on the ice and growing in their hockey journey.

ELIGIBILITY & REGISTRATION

Choice Rookies and Tykes is primarily for 2020 - 2023 birth years. It is for players that are new to the game but they must have some skating ability. They must be able to move on the ice without a trainer. If they can move on the ice we will teach them stopping, backwards skating and crossovers. This is what we do!

LEAGUE COST

Player price: \$1,495/athlete

*great value at about \$24 per hour for each skater

REGISTRATION PROCESS

- Required \$395 deposit with registration
- Online registration
- Player evaluation

*All fees are non-refundable unless your player is not selected for the league, in which case a full refund will be issued.
