

## **2021-22 VEGAS Jr. GOLDEN KNIGHTS HOCKEY CLUB**

Players, Coaches & Parents:

Welcome to the Vegas Jr. Golden Knights Hockey Club's 2021-22 season introduction. We are pleased that you are interested in being part our growth and development for the 2021-22 campaign. We are excited for the upcoming season, as we all look forward to a full, complete and healthy schedule of competition.

As we enter our fifth season as the premier travel program in the state, our offerings continue to expand. This season will see our 16U and 14U Boys teams compete as Tier 1 teams in both the NAPHL and TPH Tournament series, as well as select T1 showcase events throughout the country. Tryouts for those teams will take place after Nationals in May at City National Arena.

As always, we considered this step at length, both in the near term and long term. As part of our on-going focus on building and developing youth hockey options for our players and families, we feel the move to Tier 1 provides a positive progression throughout our program.

Over the next several weeks we will roll out other growth initiatives for the upcoming season, including tryout details at all levels, coaching announcements, Girls Leadership and programming advancement details and news of an Elite Training and Support partnership agreement. Make sure you check this site regularly to stay abreast of our schedule for the spring and 2021-22 season.

If you have questions, comments, suggestions, please do not hesitate to reach out to me directly.

Sincerely,

Darren Eliot  
Executive Director  
Vegas Junior Golden Knights
