The Affiliate Referee in Chief or their appointed designee shall provide a count of such out of town officials to the Tournament Director and the Tournament Chair no later than two weeks prior to commencement of the Tournament. In addition, the Affiliate RIC or their appointed designee shall provide a list of all officials who are assigned to officiate the tournament no later than five days prior to commencement of the tournament.

INTENTION OF PROPOSAL:

The intention of the proposal is to incrementally increase officiating fees every few years to keep up with rising local and district rates, and avoid significant increases on a larger timeframe. The goal is to keep state tournament officiating fees slightly above local rates, but below district rates. By keeping state tournament rates above local rates, it rewards officials for hard work throughout the season through selection and participation in state tournaments.

Submit the claim now rather than later, even if they don't need it later. We need to help look out for our members when situations happen.
 - ◆ Waited for Doug Ross to give his Safesport presentation and added how with the new law US Congress (Not to be confused with USA Hockey congress) passed in Feb, associations that do not do their due diligence on having their volunteers claimed (Safesport + screening), could find themselves without USA hockey insurance to back them up. Even if member has completed all requirements, getting them claimed is a crucial last step to close that loop.

- Spokane requested the wording in Paragraph 4, Dru stated wording is not that good. Wenatchee wanted clarification on the cost of withdrawing. Discussion took place on how a parent or coach doom the team from attending at the last minute. What do you do if people just say they won't go? Discussion on suspension for withdrawing. Rob Azevedo (PNAHA 2nd VP) motion [**to accept as written**], Kris Waltz (TCAHA) 2nd. Robby discussed changing the working to improve and clarify the suspension aspect. Wenatchee wants more wording to give them a better leg to stand on. Donna elaborated on process's associations can use when these matter happen. Robby read aloud the proposal as amended.

◆ RULE 14 (DRU HAMMOND FOR BRAD MOON)
Rule 14, Adopted September 9, 2017

Tier II National Tournament Bound teams shall not include on its roster more than 5 players from outside that Member Organization / Member Team's membership from the prior year.

For the purpose of this rule the following will apply:

A new Member Organization or Member Team will be on probation during the first year of membership and will not participate in the PNAHA State tournament.

All teams that are National Tournament Bound must submit a roster with players' previous year team to the Certification Committee Chair by October 1.

In certifying a team's roster for the Tier II National Tournament Bound team, PNAHA shall exclude the following players from the 5 outside player limit:

- *Players who move their legal residency and register at the nearest organization in proximity with a Tier II team.
- *Players that did not play for a PNAHA member organization the prior year.
- *Players moving to a new organization or team from an association that no longer exists.
- ~~*Players moving to a new organization that does not offer a Tier II team.~~
- ***Players moving from an organization that does not offer a Tier II team.**
- *Players moving back to their home association within two years after playing for a Tier I team.
A player's home association is the organization he/she played for prior to playing Tier I. **There will be no waivers or exceptions to this rule.**

- Nicole Adams (SAYHA) motion [**to approve as amended**], Kris Waltz (TCAHA) 2nd. Discussion by Vancouver on how the Portland players who live close to his rink and how geography isn't considered and will count against the 5 players. Donna explained in details the Why's of this rule. Spokane explained their rational for the proposed change. Motion failed.

- TCAHA opened discussion on the rational of the rule to eliminate restriction. Kris Waltz, (TCAHA) [**motion to change proposal to removal to elimination of Rule 16**], 2nd by Christopher Sutherland (YAHA). Motion passed. Rule 16 Eliminated.

◆ RULE 14 AS PRESENTED BY PSAHA (DONNA KAUFMAN)
Rule 14, Adopted September 9, 2017

For the purpose of this rule the following will apply:

A new Member Organization or Member Team will be on probation during the first year of membership and will not participate in the PNAHA State tournament.

All teams that are National Tournament Bound must submit a roster with players' previous year team to the Certification Committee Chair by ~~October~~ 1. November

In certifying a team's roster for the Tier II National Tournament Bound team, PNAHA shall exclude the following players from the 5 outside player limit:

- *Players who move their legal residency and register at the nearest organization in proximity with a Tier II team.
- *Players that did not play for a PNAHA member organization the prior year.
- *Players moving to a new organization or team from an association that no longer exists.
- *~~Players moving to a new organization that does not offer a Tier II team.~~
- * *Players moving back to their home association within two years after playing for a Tier I team.

A player's home association is the organization he/she played for prior to playing Tier I. **There will be no waivers or exceptions to this rule.**

Submitted by PSAHA –

Rationale – The reason for this rule is to protect programs who want to have the opportunity to compete at the Tier II level by managing the recruitment of players. If there is a waiver for players that come from an organization that does not offer Tier II, there is no reason for the rule. In essence, a coach could leave one organization with 6 or more players to play for another association, then take 5 more players from other organizations. The organization that has lost 6-15 players has lost an entire Tier II program. Capping the number of players that can move to another organization because their organization does not offer Tier II has protected organizations and allowed for player development.

- Donna opened the discussion about the proposal change. Rob Azevedo (PNAHA 2nd VP) motion [**to approve proposal**], 2nd by Robby Kaufman (PNAHA 1st VP). Motion passed.

◆ PNAHA SUSPENSION GUIDELINES (DONNA KAUFMAN)

Rationale - To clarify Girls follow this same rule and to put the proper age classifications in for the Girls teams.

◆ RULE 14 CERTIFICATION CAN NOT BE WAIVED (DONNA KAUFMAN)

National Bound Seeding will be based on the results of the 2 game requirement.

Rationale, to allow for email notice as is now common practice

- Nicole Adams (SAYHA) motion **[to approve proposal]**, 2nd by Colin Nurse (WWFHA). Motion passed.

- ◆ Dru Hammond discussed policy changes for playing up and down. She copied it from California. Recent changes from USA Hockey congress resulted in Dru to rewrite it for September.
- ◆ Dru also discussed PNAHA dues and how they haven't been increased in a long time. A separate conference call will be held to go over this and get board approval for the changes.
- ◆ Fall meeting is currently same time as a district event. Date for meeting may need to be changed to ensure members can attend. This meeting had many members on USA hockey assignments at the same time.

PNAHA Player Development / Coaching Director Report

PNAHA Camp Results:

4 full teams at both 14 & 15's, 65 players at 14, 77 players at 15

3 teams at 16's and 2 teams at 17's, 61 players at 16, 36 players at 17

We would like to thank all the support staff, evaluators and team leaders for their dedication and assistance. The camp ran pretty smooth. We need to look into having a trainer or paramedic at the camp. Competition was good at times, but many of the players need to showcase their skills better and more often. Too many play too safe. Debbie will have financial report.

We sent 15 - 15's, 16 - 16's, 16 - 17's to the Pacific District Camp in San Jose.

Names of players are on pnaa.com under Development Camp.

Only 2 - 2002's Select 16's from WA moved on to Nationals.

Cameron Langston from Tri-Cities playing at AZ Bobcats U16 AAA.

Brendan Lee from Seattle playing at Colorado Thunderbirds U16 AAA.

We had a few other players at each age group being considered, just not quite strong enough on every shift in all three games to stand out as one of the best.

Comments from our PNAHA District Camp Evaluators on our player's performance:

1)- "We need to teach our players how to have more confidence to stand out and engage at a high level every shift. Our players just blend in. They play well, look like they belong and are good team players. We need to teach them to be more successful at winning battles and making quicker, smart decisions under high pressure."

2)- "Our players have a lack of engagement, they don't attack situations, they hold back acting like they are afraid of making mistakes. They usually play too safe. They need to know they have to stand out every shift. Make something happen every shift. Something like, attacking the puck, hard relentless forechecking, grinding, blocking shots, puck protection, making good passes, taking shots, backchecking, catching someone, stealing pucks. They play like they are trying not to be cut, rather than playing hard to be selected."

3)- "This game is 80% mental and if players want to get to the next level, they will have to understand this and find a way to overcome their fears of competing at the higher levels. Most of the players coming through the ranks (in this area) find it incredibly hard to dig deep down and go through that proverbial "brick wall". "How do we teach mental toughness and desire to go into harms way and grind to get puck possession, time after time? Are we rewarding for this? The skill development from ADM practices will start to show at these older age groups in the next few years. We need to continue to work as much on the mental side of the game."

Next Year: We can offer an East side and West side "pre district prep camp" to give these players a chance to work with our district evaluators and hear first hand things they need to showcase. Possibly a Saturday am skate, lunch and mental strategy meeting and then an afternoon skate. We can keep the cost down with local association assistance.

ADM PNAHA West Report

Continuing to hear great things regarding 10U half ice hockey and the benefits many of our WA players receive from the format. The Tacoma 10u Festival was very exciting!!

USA hockey continues to challenge our coaches to promote more small area games in practices and also drills that require more thinking and decision making.

The USA hockey goalie program is really benefitting under **ADM** Manager Phil Osear. Great coaching improvements have been made and are continuing. Mike Landry would be able to elaborate.

I am attending the 14U Western Regional High Performance Camp in Colorado Springs and hope to see good things from our WA. players.

See **ADM** Manger Joe Bonnett's **report** below.

Have a great meeting and sorry I could not make it.
