

Dear Snipers Elite Family,

This email contains important information that requires action on your part before your player can return to training with Snipers Elite Lacrosse.

Every parent and player must follow the steps below to sign up and onboard to Great Coach prior to attending a Snipers Elite practice or training session.

STEP 1: Look in your inbox for an email invitation from Great Coach. This email invitation will not come from Sports Engine or Snipers Elite, so please check your spam folders if you do not have an invite in your inbox by July 2nd, 2020. If you do not receive this email, please contact Michelle at Admin@sniperselitelax.com with subject C2P Invite Needed.

STEP 2: Accept this invite by clicking the “Open the Notifications Center” button. The system will ask you to confirm your name and email address, and to create a password. (Keep track of your password somewhere safe!) If you have trouble connecting with Snipers Elite as a program, please confirm you are logged in to the profile you created on your device = and have clicked on the Snipers Elite invite link. **MAKE SURE WHEN YOU CREATE YOUR ACCOUNT THAT YOU USE THE EMAIL THAT THE ACCOUNT WAS**

STEP 3: Please download the Great Coach app to your mobile device. Use the same information you provided during the signup process to log into the app.

STEP 4: You will have “To Do’s” on your dashboard. Click the “To Do” bin and read/sign all paperwork. These documents might include a range of items to complete: Snipers Elite COVID Waiver, Snipers Elite Return to Sport Plan, County Health Department Guidance, and the Snipers Elite Player Participation Agreement.

STEP 5 (and recurring for each summer practice or training activity): For each training you must RSVP ‘yes’ or ‘no’ to confirm your athlete’s attendance at training. Click the ‘Events’ bin to see your athlete’s practice or training. If you RSVP YES, then STEP 6 is required.

STEP 6 (and recurring for each training activity): For each training session your athlete is attending, there will be a "Clear2Play™" survey (also in the Survey bin) that must be completed on behalf of your athlete (unless your athlete is 18yrs+). This is mandatory before your athlete can attend training. Athletes who have not completed the “Clear2Play™” surveys before practice will not be permitted to train. You will have 8 hours leading up and prior to the start of the training to complete this survey. You might consider adding this to your athlete’s checklist to be prepared for training for the day.
