TECHNICAL NOTICE MONOFIN STICKERS & JAKED SWIMSUITS

Dear Mr. President,

As we are at the beginning of the new season and the CMAS competitions are starting very soon we would like to inform you about two main issues.

It is very important to share this letter with your Finswimming clubs.

- Monofin Stickers:

According to **CMAS Rules** in force as from January 1st 2021 **paragraph 2.5 point 2.5.1.4**, and after several information letters & technical notices to National Federations, we would like to inform you that all monofins need certification by CMAS (see 11.7). The technical requirements to certify Monofins are in appendix 1 of the contract signed with Monofins producers. Certified fins obligatory for:

- Participation in CMAS championships, World Cup and international competitions
- Certification for any records with Monofins

On each Monofin, the CMAS sticker provided to the manufacturers must be stuck on the blade before selling. Thus, the homologation of the Monofin is certified. Manufacturers make sure the sticker is properly glued to the top of the blade and use glue that allows the sticker not to peel off over time and use the material.

The cost of each sticker is 20€ and the manufacturer **must not sell it but provide** to the athletes. I would like to highlight that this certification procedure is in force from three full years now.

After several extensions granted as a transitional period, it is now time for all members concerned to comply with the above regulation. For this reason:

- A penalty fine of 100 Euro per sticker will be applied to the purchase price of the stickers from SportData.
- The price of supply of stickers from CMAS to manufacturers remains 20 Euros.
- In cases where a complaint is made to CMAS with evidence that:
 - A Manufacturer sold a monofin without a sticker
 - A Manufacturer charged athletes extra money for applying stickers

at the same time CMAS will terminate the cooperation and will denounce the company for violation of the terms of the contract.

- **JAKED Swimsuits:**

As you have already been informed, by letter from CMAS dated 4th of January 2024 the contract signed between the CMAS and the company BAT, the distributor of the CMAS Jaked Swimsuits, ended on December 31st, 2023.

CMAS signed an exclusive contract with the company “Diamant distribution”, based in Milan. From January 1st, 2024, it’s only allowed to buy the Jaked swimsuits from the new distributor. The new suits will have QR code.

You can find the catalogue and official list of retail prices and special prices for regional distributors and National Federations. For additional discount you can contact Diamant Distribution directly.

The contact is Diamant Distribution, Official Distributor, Milan, Italy.

office@theaddress.it - +39 02 6710 1312

SALES: anna@theaddress.it - WhatsApp +39 3456 29 0013 - WhatsApp +39 3247 89 9500

ALL THE ORDERS PLACED MUST BE SENT TO THE OFFICIAL DISTRIBUTOR VIA EMAIL

anna@theaddress.it, office@theaddress.it

As far as the swimsuits purchased from the old distributor company and:

- **do not appear in the new catalogue**
 - **have a different name**
- can be used by athletes until 31/12/2024.**

Kind regards,

Alexandros I. XIARCHOS
Director Finswimming Commission
