

2024 Cross-Association Fee Comparisons

In this table I am comparing the 2024 PMB Fees to the average fees from four other comparable baseball associations within the province.

| | PMB | 4 Association Average | Notes |
|----------------------|------------|--|--|
| 5U RallyCap | \$225 | \$218.75 | 1 association outlier charging \$145. The Average of the other 3 is \$243.33 |
| 7U RallyCap | \$225 | \$218.75 | 1 association outlier charging \$145. The Average of the other 3 is \$243.33 |
| 9U | \$225 | \$251.25 | |
| 11U | \$275 | \$251.25 | |
| 12U | \$275 | \$251.25 | |
| 13U | \$275 | \$251.25 | |
| 14U | \$275 | \$251.25 | |
| 15U | \$275 | \$251.25 | |
| 16U | \$275 | \$251.25 | |
| 18U | \$275 | \$251.25 | |
| All Star Evaluations | \$130 | \$90 | 1 association outlier charging \$35. The Average of the other 3 is \$108.33 |
| A All Star Fees | \$130 | 1 other Association charges additional fees for All-Star: \$125 2 associations do not charge additional fees but don't provide an additional jersey and require the teams to cover all expenses including Provincial Championship Registration. 1 association doesn't charge additional fees but does collect a jersey deposit of \$50 and require the teams to cover all expenses including Provincial Championship Registration. | |
| AA/AAA All Star Fees | \$130 | | |
| Girls All Star Fees | \$130 | | |

Notes:

- Some associations, all players, All Star or House League - get only one jersey (same cost for both)
- Some associations hold all tryouts outside.
- Other associations include unguaranteed revenue from government funding sources when evaluating registration fees. If they don't receive the anticipated funding, outstanding operational costs are covered from savings, and would necessitate a fee increase in subsequent years.
- PMB offers a day time skills and drills program not offered by all other associations.

PMB registration fees are comparable with registration fees being charged by other associations in the province. The differences we see are a result of how associations treat government funding in their fee determinations, how they execute All Star evaluations, differences in the handling of All Star uniforms, and differences in how associations handle All Star team fees to BNL.
