

COVID PROTOCOL (UPDATED 6-17-20)

In these days of COVID, we have had to adjust the "normal" in order to maintain a safe environment for all. The procedures that we have set into place are created for only one purpose.... **to keep everyone safe**. It is up to everyone to work together to keep our environment safe. According the Texas protocol, it is not only up to the youth sports organizer, but the participants are also held responsible. **Please do not come into our gym if:**

- You are sick. List of symptoms or reasons not to attend training:
 - Cough
 - Shortness of breath or difficulty breathing
 - Chills
 - Repeated shaking with chills
 - Muscle pain
 - Headache
 - Sore throat
 - Loss of taste or smell
 - Diarrhea
 - Feeling feverish or a measured temperature greater than or equal to 100.0 degrees Fahrenheit
- ****If any coach, player or parent feels sick with any symptoms (list below) prior to the clinic DO NOT COME to the facility. All parties need to be symptom free for 72 hours prior to team training.
- You have been exposed to someone with confirmed or suspected COVID.
- You have traveled to an area where COVID is prevalent or had an outbreak.
- You are immune compromised, at high risk for serious complications if you were to get COVID etc

Reminders for ALL clinics/ camps/ league play.....

- Please do not arrive until the time of your clinic. Please do not arrive more than 5 mins before. We need to clear the gym before the next group arrives and have built time in the schedule for clinics etc to allow for changeover/ cleaning/ screening etc. So come in at the time of your clinic and leave promptly afterwards. NO standing or congregating outside of the gym door. Remain in your car until the time to enter. Use social distancing while waiting for COVID screening.
- Anyone who comes into the gym will need to go through the COVID screening. **Parents need to wear a face covering/mask in the gym.**
- After screening, all MUST use hand sanitizer before going into the gym. We will have some on site, but players and parents should provide their own as well and use it on the court periodically.
- The State of Texas protocol states that "only 1 person (parent) per player may attend, IF NEEDED". If you decide to stay, you will also need to sign the waiver and go through the screening process. **No siblings please!**
- Be sure to bring water bottles as the water fountain is closed.
- Bring as little as possible into the gym and come dressed ready to play.
- Everyone should maintain Social Distancing- 6 feet apart. This includes waiting in line to enter the gym, as well as sitting or talking in the gym! Parents as well as players! The requirement is relaxed while the girls are working on the court, but EVERYONE should maintain social distancing while off of the court... parents, player and coaches.
- Once your clinic is complete, please leave the gym immediately. Do not linger. You are free to visit outside, but not in the gym. We need to get the next gym cleaned and ready for the next group to come in as quickly as possible.
- ALL WHO ENTER THE GYM MUST HAVE A WAIVER ON FILE. As part of the registration process for clinics and camps, the waiver is integrated into the registration process. So if a player is registered, we will have the waiver on file. If a parent wants to enter to talk to the coach, give something to a player, etc.... they MUST sign a waiver.

Again... we are not putting these procedures into place to inconvenience you but to keep everyone safe. We appreciate your understanding and cooperation in order to keep everyone safe and healthy. We can only do it if everyone works together! Thank you!!!
