

Union County Public Schools

Athletic Guidelines

Welcome to Union County Public Schools Athletics

While academics are the primary focus, participation in an athletic program affords opportunities, training, and experiences outside of the regular curriculum. The Interscholastic Athletic Program is an integral part of the total school program, and, as such, is designed to help our students become better school, community, state, and national citizens.

Mission Statement: To provide meaningful activities that develop sportsmanship, leadership, teamwork, commitment, responsibility, respect and pride in our community through participation on a team.

Vision Statement: We envision a school system that offers an athletic program for its students that is considered a model for all other districts in North Carolina. Athletic activities should be considered an asset to the academic mission of the schools and enhance all aspects of school life. We envision a program that offers quality and user-friendly facilities which will house quality coaches. Ultimately, we envision a program of which all of its participants can be proud and one that promotes lifelong personal and community wellness and contributing, productive citizens.

BELIEFS:

- We believe that athletic activities are an integral and unique part of the total education program.
- We believe athletic activities teach students many invaluable, intangible traits which are necessary for productivity in our society such as, but not limited to, self-discipline, personal commitment, loyalty, sportsmanship, teamwork, the value of preparation, a hard work ethic, a spirit of competition and the will to excel.
- We believe participation in athletic activities enhances student academic performance and attendance.

CONDUCT:

Participation in extracurricular activities, including athletics, is a privilege, not a right. The Union County Board of Education expects all students who represent their school through participation in extracurricular activities to be good representatives of their school community. Students should dress, act and conduct themselves in a way that reflects positively on their school. Each student is expected to display good citizenship at all times. Any student who fails to conduct him or her appropriately may have the privilege of participation limited or revoked.

To the Parent/Guardians:

We feel that a properly controlled, well-organized interscholastic activity program meets the students' needs for self-expression, mental alertness and physical growth. It is our hope to maintain a program that is sound and will further each student's educational maturity. *Students who elect to participate in the interscholastic athletic program are voluntarily making a choice to follow the behavioral and academic expectations of a representative of their school. Students are expected to follow the Student Code of Conduct while at school and participating in athletic activities. Students are also expected to comply with the rules included herein and any rules established by their coach. Failure to follow any of these rules may result in immediate dismissal from the team.*

Failure to comply with the rules of training and conduct will result in exclusion from participation. There is no place in interscholastic competition for students who will not discipline their minds and bodies for rigorous competition. We strive for excellence and expect all participants to do so.

Student Athlete's Parent Pledge

As a parent, I acknowledge that I am a role model. I will remember that school athletics is an extension of the classroom, offering learning experiences for the students. I must show respect for all players, coaches, spectators, and support groups. I will participate in cheers that support, encourage, and uplift the teams involved. I understand the spirit of fair play and the good sportsmanship expected by our school, our conference and the NCHSAA. I hereby accept my responsibility to be a model of good sportsmanship that comes with being the parent of a student athlete. I also understand that I may be removed from the practice or contest, and prohibited from future attendance, for failing to maintain appropriate behavior.

To the Student Participant

Being a member of a UCPS interscholastic team is the fulfillment of an early ambition for many students. The attainment of this goal carries with it certain traditions and responsibilities that must be maintained. A great competitive tradition is not built overnight; it takes the hard work from many people over many years. As a member of an interscholastic team, you will be faced with either the task of maintaining an already successful tradition or the task of establishing a successful tradition. It is not easy to build a great tradition in interscholastic competition in either athletics or other activities. When you represent your school, we hope that you gain an understanding our goals and traditions, but we expect that you assume the responsibilities that go with them.

Student Athlete Pledge

As a student athlete, I understand and accept that I am a role model. I understand the spirit of fair play. I will refrain from engaging in all types of disrespectful behavior, including but not limited to inappropriate language, taunting, trash talking, and unnecessary physical contact. I understand the behavior expectations of my school, my conference, my coach, and the NCHSAA. I hereby

accept the responsibility and privilege of representing this school and community as a student athlete.

1) RESPONSIBILITIES TO YOURSELF:

The most important responsibility is to yourself. This responsibility provides you an opportunity to broaden your character and obtain many experiences during your school career. Your academic studies, your participation in extracurricular activities as well as athletics, will prepare you for life endeavors.

2) RESPONSIBILITIES TO YOUR SCHOOL:

A responsibility that you assume as a participant of athletics is to your school. Your school cannot build or maintain an outstanding reputation unless you do your best in whatever activity you choose to engage. By participating in interscholastic completion, you are contributing to the reputation of your school. You assume a leadership role when you are on an interscholastic team. The student body, your family and friends, and citizens of the community will be aware of you and your choices. Perceptions of your school are developed by your choice of conduct, behavior and attitudes, both in and out of school. You have a responsibility and accountability to represent your school at all times. As you represent school spirit and community pride, ensure that your school and your community are proud of you and your ideals.

3) RESPONSIBILITIES TO TEAM:

As a team member, you have a responsibility to your teammates. During each practice, exhibition and completion, you should strive to compete to the best of your ability while maintaining self-control and respect for yourself and your teammates. You are an example to the members of your team as well as students watching you.

GOVERNANCES

The Board of Education - The Board of Education governs UCPS Athletics. Its responsibilities include, but are not limited to:

- Interpreting the needs of the community;
- Developing policies in accordance with state statutes and mandates and in accordance with educational needs and wishes of the people of Union County;
- Approving means by which professional staff may make these policies effective; and
- Evaluating the interscholastic athletic program in terms of its value to the community.

The North Carolina High School Athletic Association (NCHSAA) - The primary role of the NCHSAA, which is empowered by the North Carolina State Board of Education, is to maintain rules and regulations that ensure equity in competition for the students and a balance with other educational programs. The NCHSAA solicits input and responds to requests for modification of rules from member schools, appointed committees, and coaches' associations.

Union County Public Schools

Athletic Guidelines

All schools are voluntary members of the NCHSAA and compete only with member schools or out-of-state schools that are approved by the NCHSAA. As a member school system, UCPS agrees to abide by and enforce all rules and regulations set forth by the NCHSAA.

REQUIREMENTS FOR PARTICIPATION

NCHSAA Physical Examination - A yearly physical examination is required. The physical must be completed by a medical doctor and submitted to the coach prior to participation. The physical covers all sports for one calendar year. The form will be kept on file in the high school athletic office. This form must be the approved NCHSAA form.

Gfeller-Waller Concussion Awareness Act – In June of 2011, the North Carolina General Assembly adopted the Gfeller-Waller Concussion Awareness Act. This Act requires that all athletes receive information of concussions and head injuries on an annual basis.

NCHSAA Sport Participation Form – Medical history required by NCHSAA.

Emergency Medical Authorization - Each athlete's parent(s)/guardian(s) shall complete an Emergency Medical Authorization Form giving permission for treatment by a physician or hospital when the parent(s)/guardian(s) are not available. The form will be kept by the athletic department.

Insurance - The school district does provide an opportunity to purchase insurance to cover student athletic injuries. Parent(s)/guardian(s) are required (at some schools) to sign a form stating that they either have purchased school insurance or possess a family insurance plan that covers athletic injury. If a family insurance plan is used, the family must provide the school with the name of the insurance company and the policy number on the appropriate form.

**If your athlete plays Forest Hills or Monroe please check with your Athletic Director or coach for more information about insurance at those schools.

Residence: A student is eligible to participate at the school to which he or she is assigned by the local board of education, within the administrative unit of residence. "Residence" as used for athletic eligibility purposes is defined as the equivalent of the term "domicile" as applied by the courts of North Carolina.

Reporting of Injury

All injuries that occur while participating in athletics should be reported to the trainer/coach. If the injury requires medical attention by a doctor or treatment center, it will be necessary to have an injury report form completed. Once a physician treats a student, the athlete must obtain written permission from the doctor to return to the activity.

Scholastic Eligibility—To be eligible to participate in an interscholastic activity, each athlete must have satisfied all of the scholastic eligibility requirements prior to participation.

Appendix B: Appeal Considerations

If a parent/guardian requests an appeal of the eligibility of their student athlete, the following should be considered:

Mitigating circumstances may include:

- The student was a passive participant or played a minor role in the offense;
- The student reasonably believed the conduct was legal;
- The student was acting under strong provocation; or
- The student was aiding in the discovery of another offender.

The following are expectations for all student athletes, but may be considered when making this decision (NOTE – the following factors do not hold as much weight as those above):

- The student has no history of disciplinary problems, or a significant amount of time has passed since the student's last disciplinary problem;
- The student made a full and truthful statement admitting guilt at an early stage in the investigation of the offense; and
- The student displayed an appropriate attitude and was cooperative during the investigation and discipline process.

Under no circumstance is prowess in a sport or the potential of scholarships or grants in aid a mitigating circumstance.
