Overview

The new Demosphere mobile app is a one-stop tool for teams, parents, coaches, officials and administrators to stay on track during the season. Access teams, rosters, schedules and game assignments, households and orders, all while staying connected via messaging tools.

It is important to note the Demosphere app is permission-based. For users to access their teams via the app, organization admins need to turn on permissions for team members. Teams and related information can only be seen after downloading the app from app stores once admin permission has been granted.

Where to download the app

For Coaches

- Message parents and team members via push notification and/or email
- Access to a private team staff wall
- Access games, trainings, and events
- Navigate to events using Google Maps, Apple Maps or Waze
- Get notifications on schedule changes
- Create custom team events
- Track RSVP and attendance statuses
- Report scores
- View player and staff ID cards

The screenshot shows a mobile app interface for a soccer team. At the top, it says "U9 Guppies" and "Recreational Soccer Program - 2023-2024". Below that is a "TEAM EVENT" section with a date "MAY 20 SAT" and time "10:00 AM - 11:00 AM". The event is "HOME vs. U9 Sunfish" and "Boys > U9". The location is "Robb Field - Field 1". Below the event is a "PLAYER" section with a placeholder image for a player. The player's name is "#20 - Sebastian Andrews", with ID "744-000158-08" and date of birth "2016-02-10". The status is "ACTIVE". The team name "U9 Guppies" is also visible. At the bottom, there is a "SEASONAL INFO" section.

Will Cruz Hubbard attend?

This event is on Wednesday, June 14, 2023 4:45 PM

YES - THEY WILL BE THERE

MAYBE - NOT CERTAIN YET

NO - THEY WILL NOT ATTEND

For Parents & Players

- Message team members and coaches
- Receive team wall announcements from organization admins
- Access games, trainings, and events
- Navigate to events using Google Maps, Apple Maps or Waze
- Get notifications on schedule changes
- Set RSVP status for events
- View/manage upcoming payments
- View/create registration orders
- Manage account and profile

Mike: All good for tonight? 3d

4 USERS

For Admins

- Control access to teams and rosters
- Control visibility for games and trainings
- Send targeted notifications to team members and staff
- Alert team members of canceled or rescheduled games and trainings
- Close locations to automatically postpone scheduled events with push notifications to impacted teams
- Allow staff to report scores
- Brand app with team colors and logo

The image shows a mobile notification interface. At the top, there's a "Message" header with checkboxes for "Email" and "Mobile App". Below this, there are two options: "Send Immediately" (selected) and "Scheduled For". The "Scheduled For" option has a date field set to "07/11/2023" and a "Scheduled Time" field set to "10:31 AM". A dropdown menu is open, showing "Email" and "Mobile App" with checkboxes. Below the scheduling options is an "Email" section. It includes a calendar icon showing "JUL 11", a "Message Subject" field with "Girls U14 Skills Training", and a "SENDER" field with "Kris Baker" and a profile picture. Below the email section is a rich text editor with a toolbar containing icons for bold, italic, underline, link, list, and other text formatting options. The main body of the email contains the text: "Registration is now OPEN for the Girls U14 skills training event. You can access registration from the Demosphere mobile app or via our website [here](#)." followed by "Hope to see you there!". A separate box titled "Mobile App" shows the same text as the email body, indicating how the notification would appear on a mobile device.
