

We ask that you follow the 48 hour rule when contacting the staff, meaning that you wait 48 hours after the moment in question, so there is time to allow the emotion to diffuse. Any tryout questions will not be entertained until the player has asked the question to the coach and met with them first. We encourage players to ask question as to how they need to improve. Every player is placed where they are needed to make themselves and the program better. Thanks for your understanding. I will see you at practice Monday. Welcome to the BHS Lacrosse Family. Look forward to a great year.

Thanks,

Lacrosse Coaches
