Who We Are

About Us

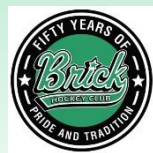

Brick Hockey Club is one of the few remaining registered 501 c (3) non-profit youth hockey organizations in the State of NJ. 2019/2020 will be our 50th season of competitive travel hockey. Our model continues to be long term development by stressing skills and fundamentals at each level of play following the American Development Model (ADM). Our results speak for themselves. Brick Hockey Club has sent 3 teams to the USA Hockey Nationals Tournament in the last few years. No other organization in the area has that kind of track record.

We play out of the Ocean Ice Palace, home of Ocean Hockey Supply. The premier location in Ocean/Monmouth County for all your hockey equipment needs.
