Speed/Agility/Vertical Jump Training: Aspire has made significant investments in the latest training equipment to provide 45 minute intense training sessions twice per week for 20 weeks (December – April) at the Aspire gym. These training sessions include focus on speed, agility and vertical jump training. This training is included in the fees for the 14 ROX, and 15s – 18s ROX and Black teams. The Aspire training package can be purchased by Aspire players who are not on teams where the training is included for an additional \$385 for the season

Team Fees Also Include: USA Volleyball Registration and background checks for coaches, education and training fees, administration and equipment fees, coaches' salaries, AZ Region tournament entry fees, mandatory ref/scorekeeping clinics for all teams, and uniform packages (see below)
