Company Choreography Request

Company members may choose their level of choreography commitment. Please check the number of dances you wish to be in should you be accepted into company. It is possible that you may be placed in less, but you will not be placed in more than you are willing to commit to. Remember that when you sign up for a number of dances, you are responsible for a 30-minute rehearsal per week for each as well as rehearsal fees, costumes, entry fees, etc. Please take this into account. *For reference, most company members compete in 5-7 group routines.
