

DELTA REGION 2020 SAND COURT GRANT

The Delta Region Sand Court Grant was initiated in 2019 with the intentions of funding sand volleyball programs in the Delta Region by supplementing court expenses. Generally, successful grants have been in the \$500-\$5,000 range.

DESIGN OF GRANT:

Factors to be considered as appropriate for consideration:

- 1.) A minimum of two courts must be built in the same area (adjacent courts are best)
- 2.) Builder must follow the Sand Court Guidelines when constructing courts; which includes proper drainage and sand specifications. Complete information on how to build a sand court can be found at <https://www.deltavolleyball.net/page/show/4504688-delta-region-beach>
- 3.) Grants will be issued to Clubs only and not for individual members
- 4.) Courts must have public access to restroom facilities and be available to host Delta Region sanctioned events
- 5.) All applicants will also be required to submit a detailed budget with justification of the grant. Successful applicants will be required to provide final reports as to the progress of the project, use of the grant funds, and impact on the targeted population.
- 6.) The region will look closely at the overall costs of the project in relation to projected impact.
- 7.) The region reserves the right to monitor and seek periodic updates to monitor how the funds are being used to advance the stated project for which the grant was requested.
- 8.) Grantee will promote Delta Region by providing photos of program activities, posting to Delta Region's social media platforms and submitting a follow-up report on program outcomes within 12 months of the date of the award.
- 9.) Proposals are accepted at any time on a first-come, first-served basis and may be granted anytime in 2019-2020 until funds no longer remain.
