Re: Return to Play Policy

To All O.F.A. Members

As the Province of Ontario continues to move into Stage 3 of COVID- 19 pandemic, we are pleased to introduce the COVID-19 Return to Football Guidelines document for members to begin the process of relaunching our sport. In cooperation with Football Canada, Ontario Football League, Ontario Provincial Football League, and the National Capital Amateur Football Association we have reviewed the attached document and feel confident that this gives our members a clear pathway to offer programming.

This document provides the membership options for flag and stay and train (skills and drills) programming within the current safety parameters. However, we acknowledge that tackle programming is not possible at this time and may not be possible in 2020. We will continue to work with all government agencies and keep our members updated as we progress throughout the process.

We would like to thank Adam Ziegler, the Return to Play committee and Football Canada for their leadership in getting this document together. We would also like to recognize the Executive Council for their support in getting this out to everyone. We look forward to hearing your feedback and we are confident that this plan will set us on the path to continued growth.

Respectfully,

Dan Fournier
President
Ontario Football Alliance
