#### How to measure for a good fit:

Body sizing: Size specifications are based on body sizing measurements. Use this size chart as a guideline when ordering, but allow enough room for ease of movement.

Sleeve length: Measure from the center back of the neck, over the point of shoulder and down the outer side of the arm to the wrist bone.

Chest: Measure just under the arms.

Waist: Loosely measure the narrowest circumference of the waist.

Inseam: Measure from the crotch seam to the ankle bone.

For best results, take measurements over undergarments.
