

DIVISION II PRESEASON TOP 22 IN 2022

1  **PEWAUKEE
PIRATES**
WOODLAND WEST - 1ST

Pewaukee is loaded, and is once again a legitimate State Title contender in 2022. The Pirates return three players who were 1st or 2nd Team All-State in 2021: Logan Doberstein (K-State) was the SE District D1 Player of the Year.

2  **WAUKESHA
CATHOLIC MEMORIAL
CRUSADERS**
CLASSIC EIGHT - 2ND

Seven position players returned and over half of the Crusaders pitching innings return as well, making them one of the Conference favorites. The team is loaded with talented juniors and seniors including Notre Dame bound Rory Fox.

3  **DENMARK
VIKINGS**
NORTH EASTERN - 1ST

The Vikings will return a good deal of experience throughout the lineup, except for at the top of the pitching rotation. Although the top three pitchers from last season graduated, there are players anxious to take their turn on the mound for the defending State Champs.

4  **BELOIT
TURNER
TROJANS**
ROCK VALLEY - 1ST

This spring the Trojans return a majority of their pitching staff and line up from last year's 5th straight Rock title. In order for the 2022 Trojans to make a deep run they will have to develop depth on the mound and be more consistent at the plate.

5  **COLUMBUS
CARDINALS**
CAPITOL NORTH - 1ST

Columbus returns several players from a conference championship team that will be expected to contend again this spring. Senior Christian Oppor is a 2nd year starter on the mound, PBR's 3rd top player.

6  **JEFFERSON
EAGLES**
ROCK VALLEY - 2ND

The Eagles are returning three of their top hitters from last year, including All-State player, Tyler Butina. Jefferson has a great group of seniors who will be great leaders for them this year.

7  **MILWAUKEE
SAINT THOMAS MORE
CAVALIERS**
MIDWEST CLASSIC - 2ND

The Cavaliers lost just one starter and return the entire starting lineup and starting rotation. The team will be led by two D1 commits along with six other returning starters. An undefeated JV team last year along with a couple transfers, look to solidify the lineup.
