

League-managed Emergency JV Goaltender Pool

The purpose is to provide a central resource for emergency and long-term goaltenders for JV teams independent of goaltenders enrolled in each school.

Goaltenders in the pool

- may not be a “Locked” Varsity goaltender;
- if rostered on an existing ICSHL team, must be approved by their Varsity head coach;
- if not rostered on an ICSHL team, must be approved by the ICSHL *Commissioner* prior to entering the pool.
- Must be a player registered with USA Hockey for 2018-2019.

The **JV Goaltender Pool** will be a web page on the ICSHL web site that will include the following information:

- Goaltender name;
- Goaltender school attended;
- Goaltender contact information (phone/email);
- Goaltender’s Coach **Contact** information.

Each use of a goaltender from the Pool must be approved by the player’s Coach, and an email confirming this forwarded to the *Commissioner*. Scorekeepers will be authorized to add JV goaltenders from the approved list to the on-line scoresheet for each game.

Sample Emergency JV Goaltender Pool contact list to be posted on the ICSHL web site. Coaches may add or remove goalies from the Pool at their discretion.
