

## TEAM FEE/SPONSORSHIP WORKSHEET

### **Umpires:**

You pay 1 umpire per game: # of games \_\_\_\_\_ X ump fee of \$ \_\_\_\_\_ =  
\$ \_\_\_\_\_

### **Baseballs:**

Balls 3 per game X # \_\_\_\_\_ of games (approx. 5 dz. balls are needed for a 20  
game season, 3 dz. provided by league) # \_\_\_\_\_ games X \$ \_\_\_\_\_ per dz. =  
\$ \_\_\_\_\_

### **Uniforms:**

Read the Uniform section (from T-shirts to complete pro-full style  
uniforms). Figure the cost per uniform # \_\_\_\_\_ of uniforms X cost of  
uniform \_\_\_\_\_ = \$ \_\_\_\_\_

### **Equipment (If needed for start up team):**

4 batters helmets, catcher's gear (mask, shin guards, chest protector,  
protective helmet)

### **Bats:**

We recommend you allow batters to buy their own bats. They know what  
they want and you don't have to carry them all around or buy a bunch of  
bats that on one uses.

Add up and divide by total number of players for a team fee or submit total  
to possible sponsor.

TOTAL COST FOR TEAM = \$ \_\_\_\_\_
