From the President

On behalf of Utah Youth Education in Shooting

Sports, welcome to the 2022 Utah State Open. This year's open is again open to all shooters, young and old, whether you are members of UTYESS or not. USAYESS is the nation's only all-exclusive youth shotgun sports program.

I am very honored to be the President of UTYESS and be surrounded by such a great board of directors, Team Coaches, and Volunteers who have all had a major role in making this program what it is today. This year's Utah Open is staged to be the biggest and best shoot Utah has ever hosted. We have more entries, more events, more awards, and more food than ever before. You should prepare yourself for a great time.

We would like to extend a huge thank you to Wasatch Wings and Clays for all their efforts and for allowing us to host this event at their facility. We would also like to thank all the sponsors and vendors that continue to be part of our program and this event. Most importantly, thank you to all the athletes and parents for their continued support. We should all be proud to be part of such a great organization.

Should you need anything or have any questions, please feel free to ask; our volunteers are here for you.

Good luck to all and be safe.

Mike Stuart
President
Utah Youth Education in Shooting Sports

UTYESS Officers

Mike Stuart

Mike is the President of Utah Youth Education in Shooting Sports. Some of his duties include relationships manager for key vendors and sponsors. Mike works closely with Federal Premium, Elite Shotguns, Americase, Scheels, Cabela's and others to ensure continued relationships with these and future sponsors. Mike is also our official representative with Lee Kay

Center. Mike is over shoot scheduling and helps to ensure our shoots overlap as little as possible with other organizations.

Some of Mike's other duties include, but are certainly not limited to, board consultant, committee judge, Youth Committee leader, and is the voice of UTYESS as our official spokesperson in state administrated events.

Jenny McGowan

Jenny is the Executive Vice President of Utah Youth Education in Shooting Sports Executive and is fantastic at new team onboarding and education. She is also over team training such as explaining how USAYESS and UTYESS work, MidwayUSA Foundation, policies, practices, shoot administration, lettering programs, Rookie of the Year, High School Lettering, State Team, etc. She works closely with

Brian to ensure each team is compliant with legal requirements. Jenny is also an advertising and idea consultant.

Dusty Wiseman

Dusty is the Executive Director of Southern Utah for Utah Youth Education in Shooting Sports. He works with each of the teams in Southern Utah to develop their shooting schedules and is our main point of contact for Southern Utah. Dusty regularly attends the board meetings as the official representative for all of the Southern Utah teams.

Dusty is also the head coach of Milford Young Guns, which was the first team to take shape in Southern Utah. Today, there are seven teams considered to be a part of Southern Utah.

Trent Van Dam

Trent is the Assistant Executive Vice President for Utah Youth Education in Shooting Sports. Some of his duties include relationships manager internally within the organization and works closely with the board to keep us all on track.

Trent is our official line judge and shoot supervisor for the state-run events, as well as a handful of USAYESS official events. This means Trent keeps the shoots moving smoothly. If there is a question about scoring or target settings, Trent is the person that you need to find.

Brian Beard

Brian is the President and Executive Director of USA Youth Education in Shooting Sports (USAYESS), the parent organization that oversees UTYESS. Brian is also the Utah State Partner for MidwayUSA Foundation and the Friends of NRA / NRA Foundation Committee Member representing UTYESS. Brian attends the UTYESS Board of Directors

meetings and assures all meetings and USAYESS statewide functions are conducted in an orderly fashion and follow organization policies and procedures. Brian also organizes and maintains state records and ensures the organization is in compliance with all legal and regulatory requirements. When Brian isn't being the serious leader, he will often be found off goofing around with the youth in the program.

USA Youth Education in Shooting Sports

Together, we are making a difference.

Youth Committee

The youth committee is the youth voice of Utah Youth Education in Shooting Sports. The youth lead a proper USAYESS program; the adults are just facilitators. Again, this year, Brian has asked Grayson Stuart from Riverton Shooting Club to lead the Utah Youth Committee.

Youth Committee members attend the coaches' meetings, interact with the youth in our program to see what is liked and what might need changing, assists with necessary tasks at each of the shoots, ensure basic safety requirements are being met, and assists with advertising objectives as needed.

The youth committee also represents Utah in the USAYESS National Youth Board.

Grayson Stuart, Youth Committee President -- First, I want to say welcome to the 2022 Utah State Open! For the past year, the UTYES board has spent countless hours of hard work in hopes of making this shoot bigger and better than ever expected. Over the past years, the USAYESS and UTYES programs here in Utah have become bigger than ever and continue to grow each year.

For those of you who do not know me, my name is Grayson Stuart. I have been shooting since I was eight years old and am a member of USAYESS. Although I've achieved many personal goals over the past few years, I continue to set new goals for myself. Currently, my primary focus is to maintain good grades and hopefully have the opportunity to continue shooting while attending college.

I look forward to continuing as a member of the youth committee with my primary focus being to help others enjoy the sport of shooting as much as I have.

Shaylee Van Dam, Youth Committee Vice President -- My name is Shaylee Van Dam. I am 18 years old and currently attending Riverton high school as a senior. For the past four years, I have been involved with UTYES. It is crazy to see how much the program has grown in such a short period of time.

UTYES is made up of kids throughout the whole state of Utah ranging in age and abilities. This program has introduced me to many new opportunities including shooting in college. I will be attending Schreiner University fall of 2022. I am proud to say that I get to be a part of the youth committee this year and help put on some amazing shoots.

UTYES has a proud sponsor, the MidwayUSA Foundation, that has really helped grow the program. Without them the program would not be what it has become today. I can't wait to see what the future holds and how the program will grow.

Rhett Christensen -- Hi, my name is Rhett Christensen I am 16 years old and am a sophomore at Payson high school. I have been shooting competitively since I was 11 years old. I have always enjoyed shooting but I never knew that there was a youth team to join. What got me into shooting is when I was 11 I had to have knee surgery and couldn't do any sports or anything I loved to do. My dad's cousin messaged him telling me to come to practice with the Skyline X team. I have loved the sport ever since.

My personal goals as far as shooting goes, is to shoot my 100-straight, and go to college for shooting. I'm excited to be a committee member because it means I will be more involved with this program and its athletes.

Cooper Clark -- My name is Cooper Clark, I shoot for Wasatch Wing and Clay Youth Shooting Team. I am 15 and in 9th grade at American Fork Junior High.

I started shooting 3 years ago, With the goal of hitting my first 25 straight and shooting my hat by the end of the season. I had never shot a shotgun before. But it didn't take long to get hooked!

My favorite discipline is International Trap (Bunker) However I don't get to practice that very often. So, I guess I would say I like sporting clays but really as long as I am breaking clays, I am happy. I love being a part of the Shooting Community, I have met some amazing people and have built a lot of new friendships.

I am grateful to be a part of the youth community and look forward to helping make this season awesome.

My Goal is to maintain my 4.0 GPA and push myself to be a better shooter all the time. I hope to one day compete in college and eventually hit my highest goal of shooting in the Olympics for team USA.

Kaleb Horinek -- For me, this has been the best opportunity I have ever been given. Out of all the years that I have been shooting, this has been the best one yet, and it continues to get better. I am so thankful for all of what USAYESS, UTYESS, and the MidwayUSA Foundation have done for all the youth.

I have been shooting for over seven and a half years now, and each year keeps getting better and better. Every year I get to meet new youth and help them out, so they want to keep shooting and tell their friends to come and shoot with them. When they bring their friends out, the bigger the sport gets so, we can bring more kids to shoot, and we can continue to grow this great sport that continues to grow around the USA.

I started back when I was nine going to shoots. I started winning awards later that year and keep going up the ranks. I first started going to ATA shoots, but I realized that trap just was not my thing, so instead, my father brought me to my first NSCA shoot when I was 11 and instantly fell in love with the discipline. For the past two years, I have been on the NSCA state team and the UTYESS state team.

Haylie Peay -- This has been the adventure of a lifetime. I have had so much fun and have made some great friends. I've wanted to do this for a long time and am now so grateful I had the opportunity to shoot.

My favorite competition was Tri-State in Elko NV, where I won my 1st awards and had my 1st shoot-off. In the 2019 season, I won 1 High over all ladies at WWC. 1st Place trap, 1st sporting clays, and 2nd at the Utah State shoot. Lady Rookie of the Year, and the Utah State

Team. My 1st two buckles! I also won the High overall women's champion, 1st ladies trap, and 1st ladies doubles at the Spanish Fork Youth Shoot. My next two buckles! My 5th buckle of the year was for USAYESS fall league ladies.

My dad is my biggest inspiration when it comes to anything gun-related. He had me shooting a gun by the time I could walk. If it were not for him, I would not have killed my four bucks or even be doing trap. A few others would be Coach Jenny and Jayme Anderson; Both I have learned the most from. But I have also gotten so many good pointers by so many great people.

My short-term goals include making the state team again, and mentoring the new lady shooters on the team. My long-term goals include being a good example to my team and working on a scholarship.

Ammunition

A limited supply of ammunition, provided by Federal, is available for the Utah Open. See page 17 for details.

Registering for Options

ALL options must be registered for and paid. Options registration will open Wednesday, April 1, 2022. Once each event starts, registration for options for that event will close — no refunds after the start of the event.

Options will vary by event so read the shoot flyers carefully.

Options payouts will be made by check payable to the shooter. Checks will be mailed out during the week following the shoot.

It is your responsibility to treat your checks like cash. No checks will be replaced if lost or stolen.

All checks are void after 90 days and will not be replaced if they expired.

NOTE: If you are trying to reach the Junior Olympics, options payouts may negatively affect your Junior Olympics eligibility. Athlete's in the Junior Olympic program need to make sure they are aware of the rules around receiving monetary payments from shoots.

Register for options online
[WWW.UTYESS.ORG/OPTIONS](https://www.utyess.org/options)

Options Description

There are four options types available in the Utah Open:

Class Purse

Example: You are in A class. When signing up, you pay \$15.00 to shoot in the Class Purse Option. \$5.00 goes to UTYESS (options are also a fundraiser for UTYESS), \$10.00 into your A class pool. Let's assume that a total of 35 shooters have entered this event. We'll assume, that including yourself, 10 shooters entered in A class and played the Class Purse, for this event. Your buddy, who is in the same class as you, breaks 100, and wins the event. You shot a 98, which was the second-highest score of the day. Since 2 places are paid at a 60%/40% split, your buddy will win \$60, you will win \$40.

50s

In a 100-target event, for example, there would be three 50 purses – one for the first 50, one for the middle 50, and one for the final 50 targets. Depending on the size of the shoot, this may pay more than one place, with ties also dividing money.

100s

This works like 50s, but in 100 target increments.

Lewis Class

This varies from shoot to shoot, but in general, shoot management will bracket one or more artificial "classes" from which payouts can be determined. For example, in a Lewis purse paying two places, the top two scores in a shoot will share the money for that first class. A second class may be established at another pair of numbers, and a similar payout made. This allows for additional payouts to the top guns in the event, while also allowing similar payouts to those who record lower scores.

When all shooting has been completed, the scores are listed in numerical order, from the highest to the lowest. They are then divided into as many groups as there are classes. For example, if there were 30 Lewis Class entries and 5 classes, there would be 6 scores in each section. The highest score in each section would be the winner. It's the luck of the draw. This is a good bet for a beginning shooter, because a low score has a good chance of winning.

AMMUNITION

Provided by

FEDERAL. 

A huge **THANK YOU** to Federal Ammunition! Federal has provided USAYESS with ammunition to be used in the Utah State Open.

Purchases limited to competition ammo only. You are only able to purchase enough ammo to match the events you are registered for. Still, supplies may run low. Order early to ensure your ammunition needs are met.

12 gauge and 20 gauge is available.

We are limited to what Federal has availability to ship and cannot process special requests for load or shot size.

To order ammunition:

1. You register for the event and pay your registration invoice.
2. Once registration is paid, you can complete the ammo request form and specify if you need 12ga or 20ga. The ammo request form is found at <http://ammo.utyess.org>.
3. USAYESS will prepare an order and invoice you.
4. Your ammunition order is not reserved until payment is received.
5. Bring your order confirmation with you to the event and you'll be directed on where to pick up your purchased ammo at check-in.

How State Teams are Calculated

Below are the requirements for achieving the UTYESS Utah State Team.

- Be a registered member of USAYESS.
- Athletes must attend 80% of their scheduled team practices and shoot at 50 targets (2 rounds) at each practice (at least 20 practices consisting of 2 rounds each, totaling 40 practice rounds).
- Must meet the High School Trap Lettering club shoots requirement for their region.
- Must compete in the Trap, Skeet, and Sporting Clay tournaments in the USAYESS Western Regional Championships, March 25-27, 2022 in Las Vegas, NV.
- Must compete in the Trap, Skeet, and Sporting Clays main championship events in the Utah Open.
- Participate in four service projects - One service project to be completed as a team, and the other three to be completed individually. For service projects to be eligible, they must be pre-approved by coaches or state representatives.

State team is calculated by averaging the following: Trap from Season Opener, Sporting Clays from Season Opener, Trap from Regionals, Skeet from Regionals, Sporting Clays from Regionals, Championship Trap from Utah Open (all 200), Skeet from Utah Open, Sporting Clays from Utah Open, Two highest trap scores from all remaining club shoots.

The highest trap score must come from a shoot in the athlete's assigned team shoots (Example: A Northern Utah Athlete will not have a score collected from a Southern Utah shoot).

Classes

Classes are determined based off your scores from all previous Lettering eligible USAYESS/UTYESS hosted shoots and will stand as follows:

Trap	Skeet	Sporting Clays
AA 95.00+	AA 90.00+	AA 82.00+
A 90.00 - 94.99	A 84.00 - 89.99	A 76.00 - 81.99
B 85.00 - 89.99	B 78.00 - 83.99	B 71.00 - 75.99
C 80.00 - 84.99	C 72.00 - 77.99	C 60.00 - 70.99
D 79.99-	D 71.99-	D 59.99-

Class Advancement

Any athlete who shoots a score better than their assigned class in the Preliminary Trap event will be bumped up and shoot for trophies in their new assigned class in the Trap Championship event.

Notice

*All award ceremonies are required. If winning a trophy, you must be present at the award ceremony to claim your award. **Athlete forfeits their trophy if they are not present at the award ceremony.** Coaches will not be accepting trophies on your behalf. No exceptions.*

Responsibility

By entering the competition, every person agrees to accept all official decisions and to abide by USAYESS and UTYESS rules.

Be ready to shoot. Squads will not wait for tardy members. If you miss your squad, report to the office and be re-squadded on a later squad. If no squad is available, a shooter forfeits all entry and option money.

No shooter will be allowed to make up more than 50 targets on the practice traps if he/ she has missed the squad. If you are unable to join your squad before they have started their second trap, you must be re-squadded. All make-ups for missed squads or gun repairs report to the practice trap area within 15 minutes of when the last squad takes the line for that event.

In case of a gun breakdown, a shooter will be allowed five (5) minutes for repair or replacement.

Please check your score before leaving each post. The squad captain (#1 shooter) will total the score after each sub-event and initial the score sheet before leaving the trap. Errors made in totaling shall be corrected whenever discovered. All changes will be made in strict accordance with UTYESS rules.

Athlete bibs with each shooter's participant number will be distributed to the coaches. Each athlete must have their bib with shooter number visible at all times while shooting.

Other Rules and Things to Remember

UTYESS Officials and Executive Committee will make all program interpretations.

The State Championships are to be a true test of the skills our youth have developed this season. However, because USAYESS is an organization that emphasizes teamwork, only a shooter's fellow squad members may challenge a call by a scorekeeper. The shoot director's decision on a dead or lost bird will be final. The management shall appoint a judge or judges to be called upon as the occasion arises. The scorer must call upon a judge to settle any controversy regarding a score or when the scorer has made an error by being ahead or behind in scoring.

Coaches, guests, and athletes not on that squad may not dispute calls or enter into discussions with shoot officials. On-field or on-station coaching will NOT be allowed! All coaches, volunteers and guests must remain behind the Trap or Skeet field or at least 10 feet away from a Sporting Clays Walkthrough station. Coaching on the station, entering into a dispute with an official, or disrupting the flow of competition may result in loss of points or disqualification for the athlete and the non-squad member (coach, guest or athlete) removed from the competition field.

No practice traps will be available.

We want to remind you all to check the following list before checking in for the day's competition:

- Sufficient ammo for all competitors as well as shell bags, belts or shooting vests.
- Properly cleaned and properly functioning guns. On the third gun malfunction, the athlete will need to step off the course to allow the remaining squad members to compete without distraction. "Safety On," firing from the wrong barrel or using ammo that will not cycle in your shotgun, is a LOST bird. Use a gun that functions well and ammo that cycles in your gun! If ammo is provided for an event that will not cycle in an athlete's gun, the athlete is responsible for obtaining ammo that will cycle.

- Shell catchers must be used on semi-auto shotguns. This is to prevent stray shells from hitting adjacent shooters.
- SAFETY EQUIPMENT FOR ALL COMPETITORS, COACHES, VOLUNTEERS, AND OBSERVERS! This will be strictly enforced – NO ONE will be allowed at the shooting fields or on the Walkthrough course without eye and ear protection! This includes infants and toddlers. Anyone found without proper safety equipment will be asked to leave the field.
- Squads should check their flight times and be on-deck 10 minutes before flight. They should be on the shooting grounds 30 minutes prior to flight time. If your squad or athlete is not on the field ready to shoot their round within a reasonable amount of time, they may be disqualified or at the very least, rescheduled, time permitting.
- Scoresheets will be the responsibility of the squad leader! No other person may take the scoresheet or be in possession of the score sheet at any time other than the Shoot Administrator, Official Scorekeeper, Referee, or a trapper.

Registered Coaches may be recruited to assist as referees. UTYES will provide all trappers and scorers, however, coaches may be asked to act as trappers. Every team should provide at least two qualified, registered volunteers to referee during State.

USAYESS Dress Code Regulations will be STRICTLY ENFORCED!

The target setting committee shall set targets each morning or during event changes based on predicted weather conditions and in accordance with USAYESS rules. Once targets have been set, only the line judge has the authority to change them. Target speed will be set by a radar gun and will be maintained uniformly on all traps. Changes will be made only if targets have become illegal or vary appreciably from the original setting.

The Utah Open is a USAYESS sanctioned event. Any competitor must be a registered, active member of USAYESS, SCTP, 4H, AIM, High School Rodeo, BSA, or other established, nationally-recognized organization shooting team and must have current proof of membership and insurance. All competitors must meet the minimum practice requirements of five practices with their team before competing at State Championships. UTYES reserves the right to limit registrations. Priority for registration will go to UTYES member teams. Out-of-state competitors are welcome to register and are eligible for awards designated as non-resident or open awards only.

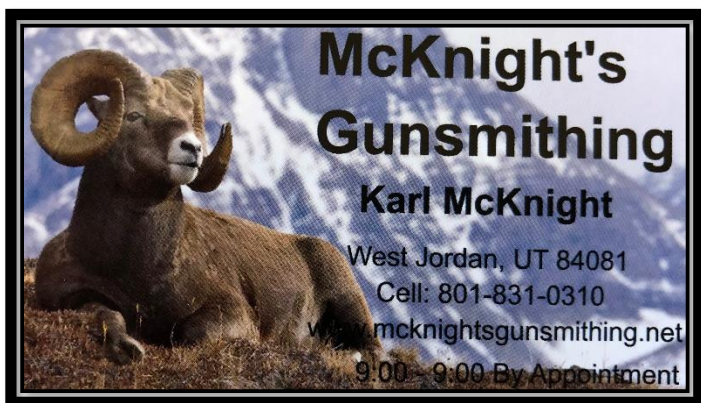

Awards are provided by Utah Youth Education in Shooting Sports.

Coaches must ensure that they have in their possession the original medical consent forms for every athlete, as well as travel consent forms for those teams traveling to State without a parent.

Athletes must compete in their division but may be squadded with other divisions and other teams if necessary during competition. All rules for YESS State Championships will apply unless otherwise noted in this document. "Bump ups" will not be allowed.

Check-In will be held each day before Opening Ceremonies. Check-in will be with the team coaching staff, so most athletes will check in with their coaching staff for competition.

SUBJECT TO CHANGE: Please keep in mind that the tournament schedules, squadding, awards structure, fees, and this program are subject to change. Although we make every attempt to maintain the published schedule, target malfunctions, weather and other situations may arise to necessitate program changes. It is the responsibility of competitors and coaches to check the program, flights and squads daily. Updated information will be posted at the range, and we will make every effort to post changes on Facebook as well. USAYESS and UTYESS are not responsible for missed flights, airline change fees, missed squads, stolen equipment, lost ammo, etc. Please keep this in mind when making your travel arrangements, schedules and while at the events.
