

Next Volleyball Registration Requirements Commitment Checklist

Please visit our page www.nextvolleyballclub.com/aftertryouts for information about what is going to happen next and further OVR rules and regulations.

- Accept your contract with Next Volleyball.**

We will email you a registration link and you're officially a part of our club! Please provide your best email address as we will be sending all of the important club communication to this address. Please read carefully through the player and parent code of conduct. Congratulations and we are looking forward to a great second season!
 - Financial Responsibility Agreement is within your contract.**

You are agreeing to pay the balance in full on behalf of your child and regardless of injury or any other concerns that you may have. Our costs are fixed for each team and we must cover them regardless of issues to protect you and all of the members of our teams.
 - Select a payment plan.**

On your contract/registration form, we'll ask that you choose a payment plan for your age level/commitment. Please pick the plan that is the most comfortable for your family. You'll then be sent an 'invoice' via Square for the full amount or periodically based on the plan that you choose with appropriate due dates.
 - Register with the OVR in SportsEngine on September 3rd.**

You may have to upgrade your membership if you only paid the \$10 tryout membership fee. You'll need a full season membership which is \$67 and it is likely that you were able to tryout with last season's membership. Don't purchase a full membership before August 2nd, it will be for LAST SEASON. We will email a reminder when memberships are available.
 - We'll be emailing you a "Club/Team Assignment" that you'll need to accept in SportsEngine on September 3rd.**

This is our rostering tool that we'll need to complete to be able to officially register online for tournaments and to be eligible to compete.
-
- Your Emergency Medical Form must be completed and handed in.**

This should've been finished before tryouts, we'll let you know if there are any errors to correct so we have accurate information on file.
 - Be on the lookout for the Uniform Sizing Night email and an online order form from our uniform supplier, All Volleyball.**

Athletes should be in attendance for uniform fitting unless you are confident that you know the sizes that will need to be ordered online.
 - Please download Telegram from your phone's app store!**

We'll be creating team parent chat groups to quickly answer questions and share information. Once you've downloaded the app, you'll be invited to your team chat.
