

**CAVOC Committee**  
**Northwoods Nordic Ski Club**

The purpose of the CAVOC Committee (Committee) is to be the contact between the Northwoods Nordic Ski Club (NNSC) and the School Forest Advisory Committee (SFAC). The Committee is intended to provide a group that is resilient with multiple members and maintains communication with the NNSC BOD over the years and as Committee members come and go.

The goals of the Committee are as follows.

- Have at least one Committee member attend each SFAC meeting.
- Provide updates to the NNSC BOD on the activities of the SFAC.
- Support activities at CAVOC that foster and reinforce NNSC's use of the facility.
- Promote activities that enhance and publicize the use of CAVOC and the FIS certified trail system, including activities other than cross country skiing.
- Coordinate trail maintenance, development, and grooming activities with the School District of Rhinelander (SDR), SFAC and NNSC.

In order to accomplish the above goals, the Committee and/or NNSC will perform the following.

- The Committee will have a minimum of two (2) current NNSC BOD members.
- The Committee will meet, at a minimum, 4 times a year to select SFAC attendees and review past, present, and future goals or tasks.
- Maintain a list of projects or tasks to be completed at CAVOC to meet the Committee goals. The "list" will include items, costs, and timelines.
