

SHERWOOD YOUTH FOOTBALL

Thank you for your interest in sponsoring the Sherwood Youth Football Association. This volunteer organization spends countless hours dedicated to developing and preparing players while providing a safe and fun environment for each athlete.

Sponsorships and community involvement are integral to the success of our no-pay-to-play program. Success is demonstrated by establishing a fully integrated network that begins at the youth level, with active involvement from high school coaches. SYFA serves as a foundation for our high school teams.

We have general sponsorship levels as well as specific needs available. All sponsorships and donations go directly into supporting each individual athlete. **Please join us in supporting our youth program and the next generation of Sherwood football athletes.**
