2025-2026 HIGH SCHOOL CLUB SEASON INFORMATION

Program Options: Building upon last year's success of providing two options to players, we will do this again this year:

(1) "Tournament Teams" – players will have ~40 practices and compete in 8-9 tournaments throughout the Midwest. The season duration is Nov-June (18s will likely conclude in Apr).

(2) "Practice Groups/Teams" – players will have ~20 practices in Nov-Feb, and players will have the same practice experience as the tournament teams led by dedicated coaches. The difference is that they will not participate in tournaments, and of course, the cost is much less.

All individuals can choose to tryout for Tournament Teams or Practice Teams. If an individual does not make a Tournament Team, they will be considered for the Practice Teams/Groups.

Ages: We will allow 8th graders that want to play club concurrently with their school season the opportunity to try out for either Tournament or Practice Teams with the 15s (9th graders). More information is available on the Registration Form.
