Approval of October Minutes

Correct Amanda Gobert's name.

Guest-Dan Platte (with Hawk)

Financial Report-Tom Berry

Tom passed around Balance Sheets:

Checking \$42,584.88

Savings \$2,753.58

Got approved for \$2500. grant. Only 3 Districts submitted.

Money to be used for T-shirts for Mite Jamboree, reimburse mileage for hearings, etc.

Mite t-shirts were over budget this year because the numbers grew. Discussion brought by Paul Osborn, is the 8U count growing in our District, or are more 8U kids participating in the Jamboree?

We will discuss ways to save money and what to spend the money on in D6, in future meetings. D6 is a large district with many more associations than other districts may need bigger budget.

Table t-shirt discussion for another meeting.

### **Registrar Report- Amanda Gobert**

Make sure association reps are taking information back to associations. Coaching Directors and Presidents, Registrars are all over Coaches about getting clinics done.

Amanda should have seen rosters from every association. Amanda should be seeing all 6U, 8U, LTP, rosters from ALL associations.

Everyone within the Association needs to attempt to understand the player release process.

Releasing association needs to fill out the release form. Releasing team removes player from roster.

The 72 hour wait period (for game play) **begins** once a player is added to a new roster by the **new** association registrar.
