

Tiger COVID-19 Protocol

At the Tigers organization, your child's wellbeing is our primary concern. In an effort to control the spread of COVID-19 the Tigers Organization, along with the Children's Health Star Center, is following the CDC guidelines and state mandates. As this is a continually changing protocol, please continue to refer to the CDC website for further information <https://www.cdc.gov/coronavirus/2019-ncov/index.html>

Rink Protocol

- All people over the age of 2 entering the building must wear a mask.
- 20-30 minutes between games or ice times will be allotted to disinfect all high traffic areas.
- Parents and fans may attend games, but should observe proper social distancing.

Locker Room Protocol

- Masks must be worn by everyone in locker room and only removed as the players are leaving for the ice.
- Locker rooms are only for changing, not coaching. Players may "dress and drive" and not enter the locker rooms if they prefer.
- Locker rooms will only be available 30 minutes prior to ice time so that they can be properly sanitized between uses.
- Showers are not available.

Benches

- Coaches can remove their masks on the bench.
- Each player must provide their own water bottle. NO SHARING!
- Players should distance from each other as much as possible.
- Bench area will be disinfected after each use.

Referees/Scorekeepers/Trainers

- Must wear masks at all times in the building. Referees may remove masks entering ice.
- Each must supply their own water bottle.
- Should social distance from the players and coaches, except when attending to an injured player. The trainer will wear gloves during this time.

Games

- Teams must enter and exit the rink through separate doors when possible.
- No pre or post game handshakes between players, coaches, or referees.
- After goals, players may bump fists with gloves, no hugging.
- Fighting and altercations involving pushing and shoving are not permitted. Officials will have the ability to assess misconduct penalties and or eject players who can't control themselves.

ALL INDIVIDUALS ENTERING THE RINK, OR ATTENDING ANY TEXAS TIGER EVENT, MUST BE FREE OF ALL SIGNS OF ILLNESS AND FOLLOW THE CDC GUIDELINES! For clarification, questions and concerns, please contact Jane Hale at jane.hale@texasigershockey.com

To avoid the spread of COVID, individuals feeling sick, who think they may have been in contact with COVID-19, should contact their health care provider, not return to the rink for 10 days after their first symptom and three days after their last fever.

IF YOU FEEL YOU MAY HAVE BEEN IN CONTACT WITH COVID-19, OR TEST POSITIVE, YOU MUST INFORM YOUR COACH!

The safety and health of our athletes is of utmost importance. The Star Center has done a great job of disinfecting and implementing appropriate protocol. Please help us work together to create a safe environment for all of our athletes, coaches and families to prosper.
