

Robert Cash

My name is Rob Cash. I believe that I am a good candidate for the Board of Trustees because, in addition to my professional experience, I have been a coach for the past 3 years. While I am also a parent of a player, having been a coach has given me the opportunity to deal with parents on a different level than others. I try to view every situation from both sides of the table, first from the team and organization perspective, but also to be able to take the position of parent and try to see their point from their side as well. By doing this, I am able to bring concerns and ideas to implement change in a positive way. I feel that I have been able to do this for my individual teams the past 3 seasons and will be able to do so at the board level as well. The end result of this is my main goal, which is for the players and parents to have a positive experience and enjoy their time both on and off the ice.

Matt Doherty

My name is Matt Doherty and I am running for a full Board term position. I joined the Board in December 2017 to fill a vacancy due to a Board member resignation. In that time, I have served as MYHA Treasurer and am also responsible for developing the club website used to promote the club, facilitate clinic and tryout registration, and rostering of the 2018-2019 Wildcats.

I have had two boys (one 14U, one 12U) in the MYHA program since the club started the Jersey Shore Wildcats. Professionally, I am a Certified Public Accountant with over 20 years' experience. I am currently the Chief Audit Executive for John Wiley & Sons, a \$2 billion global public company that specializes in education, learning, assessment, and professional certification. Prior to Wiley, I served as the VP-Internal Audit for Madison Square Garden. I believe my professional experience and experience gained during the transition period has positioned me to continue to drive the club's success.

Mike Jolly

My name is Mike Jolly. I have been coaching youth hockey since 2012. My experience started at the mite level and has progressed into Peewee's thus far. As a former collegiate hockey/baseball player I know what it takes and the sacrifice/discipline that is needed to compete at high levels of play. In addition, I possess the knowledge, experience, understanding, and patience that are needed to teach/develop the young player. My job is to pass on my love/passion for this great game onto our future players. We have the responsibility to ensure that we develop them into great young men and women not just hockey players.

John Kerber

My name is John Kerber. I have been a coach of travel hockey in Jersey Shore Arena since 1992. I served as the club's Coaching Coordinator from 2011 through last season. Last season, when it became apparent that change was needed, I stepped into the role of club President and, along with the other remaining Board Members, guided the club through the difficult situation. I believe my management and hockey experience will be invaluable to the club and the Board to complete the club's transition.

Joseph Noonan

My name is Joe Noonan. I currently live in Shrewsbury with my wife Lisa and my twins Kaitlin and Matthew. I have 2 older sons Michael and Christopher who are not living at home. Sports have been a very big part of my life. I played Football, Basketball and Baseball growing up. I played all 3 sports in High School and 4 years of College Football. I was an active member of the Colts Neck Foundation in which I served as both the Basketball and Baseball Commissioner. I also coached my 2 older boys in Pop Warner Football, Travel Basketball and Baseball. I am currently a board member of the St James Athletic Association and the JV Girls Basketball coach. My son, Matthew has been playing travel hockey for the Wildcats for the last 2 years. I have become an avid hockey fan and truly enjoy watching him play hockey.

I own a Logistics company in Newark, NJ which has been in business for 40 years. I believe my business experience and my commitment to youth sports over the past 20 years will make me a valuable trustee to this Board. I also have a flexible schedule to commit the time need to improve the Wildcat program if elected to the board.

Mark Thomann

I love hockey. A true fan of the sport. As a parent of a Bantam and a 4-year-old, I will be around the rink for all long time! My background in design and strategic collaboration will help the Wildcats further build a community and develop into the premier organization in NJ, through creative partnerships and experiences aimed at shaping the complete player both on and off the ice. Our boys and girls are the future of the sport of hockey and we can inspire them to lead if we create the opportunities to grow. Wildcat events as well as USA Hockey, University and Pro affiliations are just some of the relationships to explore and build upon in parallel to what they will learn from our excellent coaching staff. Professionally, I am a trained landscape architect, leading various teams through practice and teaching. Currently, I lead the award-winning landscape design studio with WHY, an international design practice based in NY and LA.

A Freehold resident, and a native of Buffalo, NY, I studied politics and conflict studies before pursuing a greater social good and pursuing a master's degree in landscape architecture from Harvard's Graduate School of Design and the University of Pennsylvania. I worked in Japan and joined the landscape architecture faculty at University of Pennsylvania School of Design, Yale University School of Architecture, and Columbia University GSAPP. I have been a studio critic, guest reviewer and lecturer at the University of Toronto, Cornell University, Princeton University and at various international institutions. I am co-founder of www.landstylist.com.

Frank Trombino

I'd ask you to consider me because I believe that I have a strong educational & professional background as well as the personal & collaboration skills to be an asset to this Board. I received a BS in Accountancy from Villanova University and I am CPA in the State of New Jersey. I currently work for a publicly traded company in Monmouth County. My role is in the Corporate Finance function, specifically Strategic Financial Planning, Analysis & Reporting.

My business acumen combined with my passion for the hockey program (my son is in mites) and the figure skating program (my daughter) will allow me to consider all areas of what's in the best interest of

Jersey Shore and the people that spend all of their time there. My goal is help this board develop Jersey Shore and its programs into a top notch facility to be the benchmark in the state of NJ.

Mike Vidal

My name is Mike Vidal. I started playing hockey at the age of 4. My playing career took me from Mites through Juniors before becoming an instructor / coach. I joined the MYHA as a coach for the American Eagles in its last year. My son, who started playing for the Wildcats in its first year as a Mite is currently playing 12U. Since 2010, in addition to holding various coaching positions, I have volunteered in the MYHA in various ways. In 2016, I purchased ownership of the Wildcats Junior team in the NA3HL. In 2017, I was voted onto the board of trustees to help navigate through some difficult times. My overall management and hockey experience will be an asset to the club's successful transition into new management and the direction of the club's future. With over 30 years of hockey related experience, I feel my experience and knowledge of the club makes me a good candidate to serve on the MYHA board.
