Log In/Sign On

You must log into DASH using the email account that you use to communicate with the Facility Office/Lisa because this is the account that your bookings have been created under.

First time login will require end users to click on “**Forgot your password?**” as you have not yet created a password in DASH.

Make sure you keep track of this password. The email address and password combined are the vital credentials that will be used to log in by any organization representative. This is an organization account, not a personal account.

Only on the initial login will the waiver below be presented. Once you have signed off on the waiver, it will not appear again when you log back into DASH.

Dashboard

By default, the “**Dashboard**” will display your upcoming next 3 booked slots/events.

You can sync your upcoming events to your Apple or Google calendars.

My Profile

From the left-hand side menu, choose “**My Profile**” to record additional information and change your password if desired. NOTE: The club will not have access to your DASH password, so it is important for you to keep track of it and who you share it with because anyone in the “account” will have the ability to change the password.

Communication preferences can be set in your team Profile. We recommend that you select only the first option – “*Send me email and/or text reminders, receipts and notices*” for possible future use.

DO NOT UPDATE/CHANGE THE EMAIL ACCOUNT ON THE PROFILE!
