

Queen City Showdown 25 – Heritage Bank Center Games Know Before You Go Guide

Introduction

We are excited to bring Queen City Showdown to Heritage Bank Center in Cincinnati. This guide provides important information on getting to the arena, parking, entry, and other useful information.

Accommodations

- Elevator access from entrance to dressing room level and event level.
- Seating will be available in the arena bowl in sections 105 through 116 and behind both goals.
- Concessions available on the outer concourse behind section 108
- Restrooms, including family restroom, available on the concourse near the concession stand

Directions

Our address is 100 Broadway St., Cincinnati, Ohio, 45202. Apps and GPS devices tend to end the route randomly around the arena because the Main Entrance is located on an elevated plaza, not street level. 100 Broadway will get you close, and you can choose parking from there.

Parking

Unfortunately, due to very limited space on Heritage Bank Center property, we cannot accommodate parking for players and spectators. There are several convenient options for parking around the venue.

Entry/Access

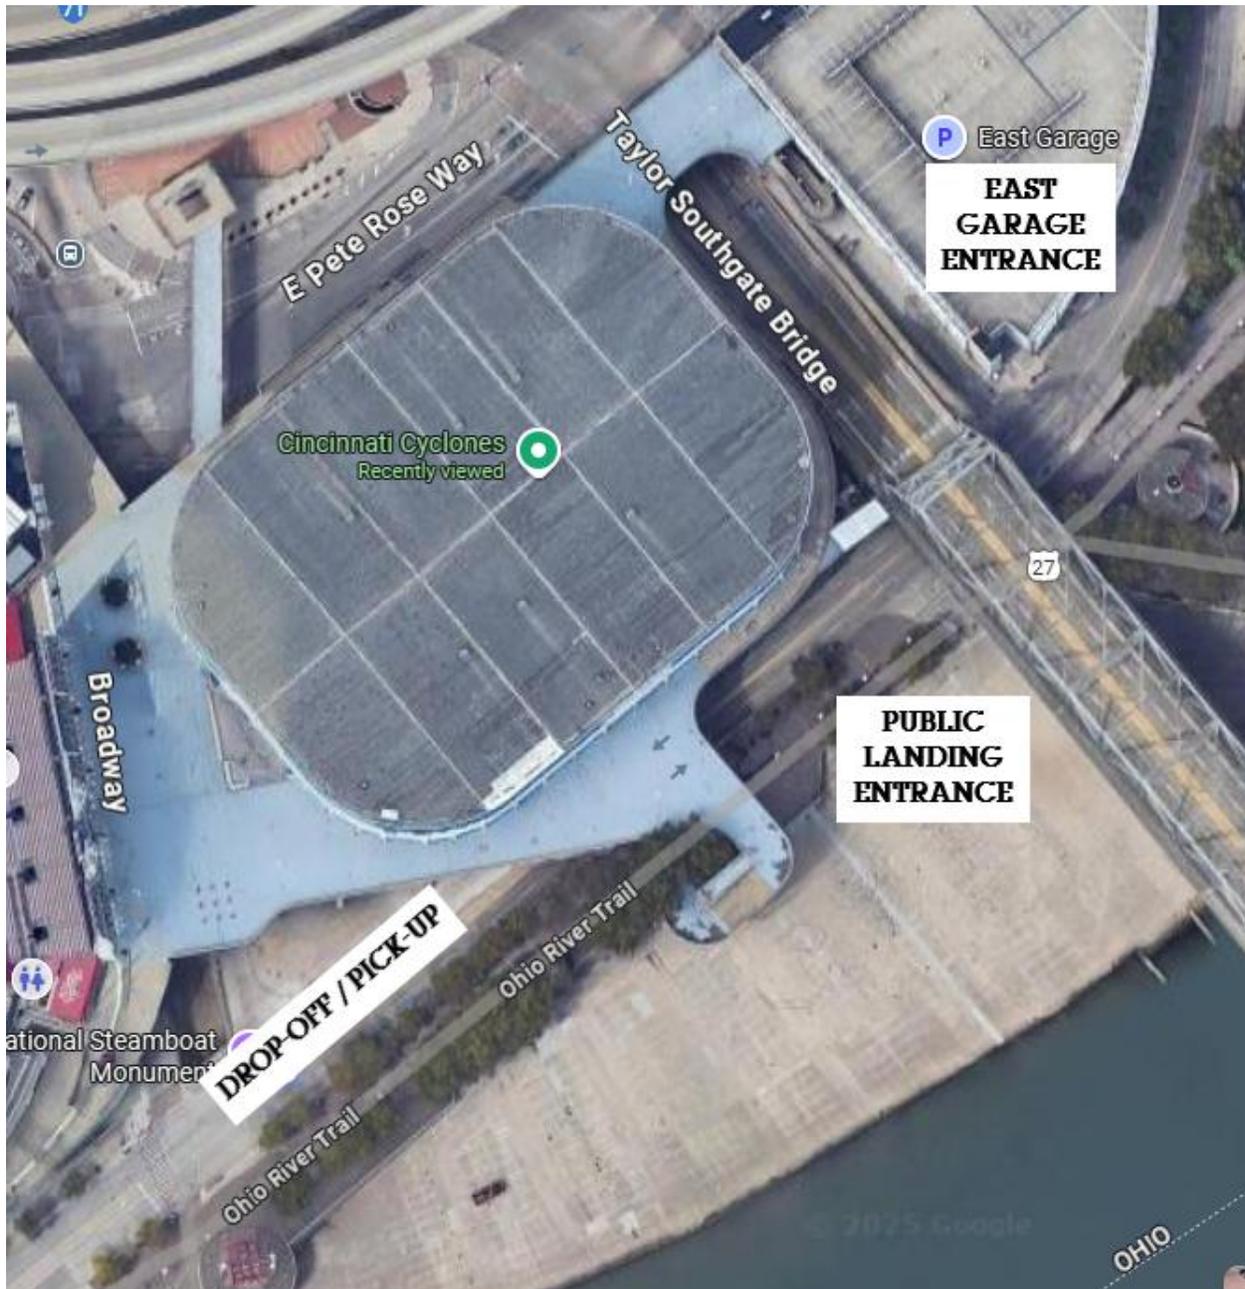

A Drop-Off/Pick-Up zone is available on Mehring Way, near the administrative parking lot and Office entrance. This is at the corner of Mehring Way and Broadway. Mehring Way runs behind the arena and the ballpark on the southern side along the Ohio River. Broadway is the road that runs between the arena and the ballpark, at a stop light, and goes under the elevated plaza.

Access is through the office entrance, which is at the administrative Parking lot. Everyone will use this entrance.
