

FOR IMMEDIATE RELEASE

March 16th, 2020

The Gallatin Ice Board of Directors voted unanimously to close the Bottcher and Ressler Ice Rinks effective at 5:00 PM today (3/16/20) in an effort to slow the spread of Coronavirus in accordance with CDC recommendations. This difficult decision was made after consulting with health professionals, including several who are part of our own ice community. We recognize that this situation is very disappointing for everyone involved though we believe wholeheartedly it is in the best interest of our community.

We would like to thank all of our ice users and members for a wonderful ice season. This is obviously a tough way to end, but many great memories were made throughout the season and we will make many more in the seasons to come. Please stay safe, we look forward to the passage of this global health crisis and the resumption of community recreation activities.

###

Sincerely,
Dave Weaver
