

**Lakeville North Boys Soccer Boosters
Meeting Minutes / January 20th 2020**

In attendance: Pete Tyma, Eric Adamson, Ryan Wright, Ed Byrne, Sara Byrne, Zach Tefft, Jeff Atkins, Michelle Charchenko

Coach Tyma updates:

- Cold weather warmup coats for varsity: looking to purchase a few more to replenish stock. Approval for 12 at \$89 each. Also need a labeling system.
- Feb Activities Festival at Kenwood: High School programs have been declining in participation for this, it is primarily geared towards young kids. As a program we are not getting anything out of it. Spot is currently reserved for our program, but we are leaning towards pulling out.
- Facility upgrades this summer: New turf will be installed this summer at LNHS Stadium. This is planned to be completed in time for High School and Middle School camps at the end of July. New turf on the practice field next to the school will also be installed over the summer (this is also where the dome will be installed in the future). There will also be construction in the staff parking lot and Ames Arena parking lot. As a result, the pre-K to 6th grade camps that are held will be combined with North and South boys and girls programs, at a location TBD.
- Varsity schedule is set, but not published yet. Still determining if we will do the Rochester scrimmage on 8/22, or do something different.

Game Day Refreshments
Cookie Dough Coordinator
Shop with Scrip Coordinator
Papa Murphy's Pizza Card Coordinator
Banquet Coordinators (2)
- Eric will get an email out soliciting volunteers for booster positions.

Michelle Charchenko updates:

- Check swap (writing out multiple checks and collecting) is a lot of tracking, but we can continue with that if there aren't any other ideas
- Working on improving budget categories so we can track items more in depth
- Current use Excel, check to see if we can use a Quick Books account
- 2019 budget almost done, two large bills outstanding
- New video equipment has been paid for
- Reviewed income from last year (Fundraisers, Sponsorships, Donations)

Other items:

- Winter Training: dates are set at Lifetime (2/12, 2/19, 2/26, 3/4, 3/11, 3/18), communications have been sent out, more to come. If we get TeamSnap set up, we can utilize that for attendance tracking.
- Discussion around adding sponsors, pushing sponsors to a higher level, etc.
- Shuttefly Photo account worked well, will stick with that for this season
- Sign Up Genius will continue to be used for volunteers. Perhaps can use a free account. Ed will look into.

Next Booster Meeting: Looking at March, before spring break
