Group of 8 Target Game

Blue Team starts with the ball. The 6-8 can pass to one another until they can find and complete a pass to their 10. The Red 10 can move in their channel to deny the pass. Once the Blue 10 receives, they have 5 seconds to find a pass through to the Target 9 in the endzone. If complete = 1 point. Then the Red team begins the same process, alternating. Play until 5 or a time limit. *** If the defending 10 can intercept they can act quickly and play the target 9 *** If the defending 6-8 intercept, they should act quickly to find their 10 as well.
