Modernization continues. The latest phase of campus modernization is nearly complete. Projects included ADA accessibility and upgrades to the entrance to the main building, removal of portables and renovation of the center quad, and other site improvements. The last phase, starting next summer, includes demolition and replacement of the "F" building. The new building will house nutrition classes, special education classes, CAD lab, science classroom, and the adult transition class. The stadium bleachers will also be renovated including ADA access.

Class reunion tours. Every fall, I am pleased to host campus tours for BHS classes returning for their reunions. This fall the classes 1952 and 1962 returned to visit BHS. It is great to hear the stories about BHS from "back in the day" and to see how impressed the alumni are with the improvements to the school.

The 2012 Alumni of the year honor was awarded to Gregory Starr Jensen, who graduated in 1954. At BHS, he lettered in football and track.

Just weeks after he graduated, Greg entered the U.S. Marine Corps. While serving his country, he was the victim of a tragic accident that left him paralyzed from the waist down and confined to a wheelchair for the remainder of his life.

While living with his disability, he returned to the Bay Area and graduate from the College of San Mateo, San Francisco State with lifetime honors, and Stanford Law School.

During Greg's long and distinguished legal career, he served as a criminal case Deputy District Attorney in San Mateo County. He then headed the county's private defender program for juvenile offenders and was appointed in 1979 as a municipal court judge and then as a superior court judge for San Mateo County. Greg continued to be an outstanding athlete, competing in the national and international wheelchair games throughout the world. He was a middleweight weight lifter, played basketball, and competed in archery, shot put and 10K races in his chair.

Greg passed away on December 27, 2006, his 71st birthday. His incredible life touched and inspired many. (From his obituary in the San Mateo County Times on 1/6/2007).

Students from the **Classes of 1972 and 1974** are invited to attend the reunion too. More information will be provided when plans are finalized. Alumni Baseball

BHS Alumni Baseball weekend was held in March of this year. With another great turnout, the boys of summer enjoyed a fun filled weekend consisting of an Alumni Golf Tournament on Friday and Alumni Baseball games on Saturday that were followed by a great dinner banquet with the BHS varsity baseball players. The first baseball game included alumni players from class of 1958 - 1999 playing a low key game in the morning while the afternoon game included alumni players from classes of 2000-2011 vs. the BHS varsity players. The games are followed by a BBQ dinner and fund raiser that was a great time for all at the Burlingame Rec. If you are interested in participating in golf, the game or just to come out and catch up with old classmates for more information and to get on the email distribution list contact Rusty Knudsen rusty.knudsen@comcast.net.

Blanche's Corner Alumni Update by Jo-Ellen Arnaudo Ellis

Blanche Dibelka Duffey '39

30s Jeanne Lyall Avera writes: "My mom, **Eleanor Hamilton Lyall '36**, wanted your association notified of her death. She was proud of her Burlingame H.S. roots and proudly wore a red BHS 50th Anniversary sweatshirt when she was cold. She almost made 94. I promised her I'd notify you." (Note:

Eleanor was a teacher and taught until she was 85.)

40s **Dorothy "Dickie" Cook Quattro '40** wrote: "About a year ago I received a phone call right out of the blue from **Loring Clark '40**. He had seen something I'd written to you folks and called me to say "hello" – such a nice surprise. He is well and very happy living with his wife, Mary, in Rogue Valley Manor in Oregon with about 1,000 other seniors. It is loaded with many Californians and ex-musicians. They enjoy musical events and lots of dancing – sounds great! Loring and I are still romping around ??? (but very carefully). **Bill Stearman '40** was in our class too. He has published a book entitled "AN AMERICAN ADVENTURE: From Early Aviation Through Three Wars to the White House" (Naval Institute Press) **Paul Armstrong '40** lives on the Peninsula with his sweet wife, Babs. We exchange Christmas cards still. They have stayed very well and plan family trips together quite frequently. Panther Postscripts is such fun to receive. You do a great job keeping us up to date."

Note: We found the following information on the web: "**Dr. William Lloyd Stearman**, the son of famed aviation pioneer, Lloyd C. Stearman, has recently published a memoir which should gain the attention of anyone who has any interest whatever in early aviation, WWII in the Pacific as a Naval Officer, life in the diplomatic service in Europe during the Cold War, the Vietnam War, and the workings of the White House National Security Council staff. William Lloyd Stearman became a Foreign Service officer after serving in the Navy during World War II and was stationed in Austria, Germany, and Vietnam. He then spent a 17-year career in the White House on the NSC staff and was an adjunct professor of international affairs at Georgetown University. He lives in Bethesda, MD."

Al Doyle '43 tells us that he would like to hear from any old Panthers out there. (If you write to Panther Postscripts we will forward you letter to Al.)

Paul Armstrong '40 sent a note to inform us that his brother, **Jim Armstrong '48** passed away April 3, 2012 in Santa Rosa after a long illness. "Jim was active in school affairs, center and linebacker on the football team and catcher on the baseball team. He was often the soloist with Elmer Young's choir. After graduation he entered the

U.S. Marines and spent time in Korea and Japan. He then entered San Jose State, where he met his future wife, and graduated in 1955 with a B.S. in Science. He spent many years teaching in the Fremont Unified District and then moved to Shasta, CA and became Principal of Mt. Shasta High School. After retirement he moved to McKinleyville, CA. Jim is survived by his wife of 57 years, 4 children and 4 grandchildren. He will be sorely missed by his family and many friends."

Virginia Arnold '41 tells us: "I was sorry to read about the death of **Blanche Duffey '39**. She was a friend and classmate of my sister **Edna Arnold '39**. I enjoyed her articles so much."

Pat Howard Acker '46 wrote to tell us that **Charles J. Chuck Patterson '46** passed away on April 10, 2011. "Following graduation from BHS, Chuck joined 5 classmates and headed for Willamette University in Salem, OR. That group consisted of **Roger Adams, Gordon Cline, Rodger Shannon, John Whipple** and **Pat Howard**. After graduating from Willamette, Chuck continued his education at Stanford University, receiving an MBA in 1952. While at Stanford, he married his college sweetheart, Pat Ryan. They enjoyed homes at Silverado in Napa, CA and on Maui and had 45 wonderful years together before Pat passed away in February of 1997. They had four children and four grandchildren. In 1999 Chuck married a special lady, Jo Ann, bringing their combined families to six children and 10 grandchildren. Chuck started his career in the sales department of Dole Pineapple Co., eventually becoming VP of Sales Marketing, then Executive VP of US Operations. In 1972 Dole merged with Castle and Cooke where Chuck headed up marketing for several years. His next move was into general management as senior VP responsible for Development including Acquisitions. Chuck took early retirement in 1984 to purchase a "turn around" business – Arneson Products Inc. The company was purchased in 1988 by an east coast conglomerate finally leaving time for Chuck to play some golf. At Chuck's memorial service in Napa in 2011, the surviving members of that BHS group, Rog Adams, John Whipple and Pat Howard Acker attended and recalled memories from Willamette and Burlingame. In March of 2012, John and Pat spoke in the same chapel at the service for Rog Adams who passed away March 10, 2012. Sadly, Rodger Shannon and Gordon Cline had passed away earlier.

Greetings Everyone! **From Pat Howard Acker '46** – It is difficult to shrink 66 years down to a few lines, but I will try to hit the high spots (and some low spots). In the fall of '46 I headed off to Willamette University in Salem, Oregon. Following graduation from WU I went to work at my father's company in San Francisco. That only lasted about a year and a half, as in late 1951 I was married to another WU graduate. The marriage produced three children and several mailing address. We lived in Washington, Alameda, back to Salem, Sunnyvale, New York and finally Saratoga. After 24 years we went our separate ways. I had a boy in junior high, another boy in high school and a daughter aiming for a masters at Yale. I needed a job fast and my resume was only big on PTA positions - not in great demand on the employment front. Somehow I landed a job at KEEN/KBAY Radio in San Jose setting up public service announcements. From there I moved on to sales for KNBR Radio in San Francisco. That was a fun job. While trying to sell advertising to St. Claire Cadillac in San Jose, they offered me a job. That was a shock as mechanics was never my strong suit. Anyway I took the job after getting KNBR to agree to let me continue to work for them too. So I ended up holding down the two jobs for five years. When the car agency sold, I moved on to a new challenge. A friend told me that the head of a Silicon Valley venture capital company needed help while she looked for a new assistant. I ended up staying there for seven years as her assistant. The venture capital business was changing and I could sense that I might be looking for a job soon. My resume had improved but I decided to really make a change. I sold my home in Saratoga and bought a Hallmark shop in the city of Mt. Shasta. I also bought a couple of acres, designed, and built a house and there I stayed for the next 19 years. It was a good place to be, and easy to get involved in the economics of the town. But all good things must come to an end and six years ago it was becoming obvious that staying there with five feet of snow in the front yard in the winter could become a problem for me. I had had multiple surgeries in an attempt to save one of my legs, but in 2001 I decided to stop trying. I continued to live there and run the business for 5 years after the amputation, but it was getting hard to do. One of my sons was living in the Sacramento area, so I started my search there. I was fortunate to find a buyer for the business and my Mt. Shasta house. Then I found a good spot for me in El Dorado Hills and called my

friendly mover. The first three years I was here, I worked as a dispatcher for my son's business, but since then I have been sort of lazy. Now two of my kids are close by and the third is in the Bay Area. I have nine grandchildren ranging in age from 32 down to the six year old twins. I will be going to someone's graduation every year for the rest of my life. One of my kids surprised me with a Shih Tzu puppy about 4 years ago and Duffy is my constant companion. Rather than my taking care of him, he has appointed himself to take care of me. He does a good job. Best wishes to all

We received the following note from **Tom Foster '47**. I regret to report **Jeffrey R. McDougall '47** died on April 9, 2011. He graduated from Willamette University in 1951 and served in the USAF. He retired as a Colonel in 1979 and made his home in Florence, OR where he enjoyed fishing and playing golf. His wife, Sue, passed away in May 2010. They are survived by a son and three daughters.

Janet Cohn Martin '49 wrote: I was so sorry to read about **Barbara Alvarez-Smith '60**. She did so much for the BHSAA.

Jean Lehtinen Martin '52 wrote: I wanted to bring you up to date on a few Burlingame Alumni. I moved to St. Helena about 11 years ago and was surprised to find that there were 4 BHS Alumni, including me, who were all living here in the Vineyard Valley Senior Community. We have since lost 2 of the 4; **Al Olsen '30** and **Roger Adams '46** who passed away in March. That leaves **Diana Montgomery Lavagnino '55** and me, **Jean Lehtinen Martin '52**, still living here in the Vineyard Valley Community. It is, indeed, a small world.

50s **Joni Odell Leavitt McClure '52** writes: "I so enjoyed the Panther Postscripts – as usual – and felt transported back to my hometown of Burlingame. Receiving this semi-annual update is always a treat. I love that feeling of connecting with my past. I've lived near Dallas, Texas for 40 years, but California is still "home". What an inspiration **Blanche Duffey** is to us all. She must have been quite a lady! Condolences to her family and friends. I'm sure she will be missed. I'm also writing to inform you of the passing of my brother, **George "Rusty" Mayer '41**. He was born in San Francisco and died 11/2011 in Eugene, OR. His claim to fame, in addition to serving his country in the Army Air Corps from '42 -'45, was

that he designed a portion of the 1940's remodeling of BHS while in a drawing class at Burlingame High. I'm looking forward to an upcoming trip to Burlingame to join with my former classmates in celebrating the 60th reunion of the Class of '52. Thanks to the group who are planning the event.

Phil Anderson '56 tells us that his friend **Bill Huelsdonk '59** passed away on May 7, 2012 at the VA care facility in Omaha, NE. His death was due to many ailments caused by exposure to Agent Orange. Bill proudly served in Vietnam as a hospital corpsman with the 3rd Marine Division and received a Purple Heart. He truly enjoyed his family, was an avid reader, motorcyclist, and loved his cats. While at BHS, Bill was a large part of the football teams. He played both ways on offense and defense. He was a big guy, weighing 245 pounds and absolutely destroyed a star Capuchino running back in one big game and helped pound San Mateo HS into a big loss in the '58 Little Big Game.

Janet Sanders Estep '56 wrote to say thanks for the donation to the BHSAA in her brother's name. **Dean Sanders '55** succumbed to Parkinson's and dementia. She mentioned that some will remember Dean's jump shot which placed him on the P.A.L. first string, and the 30's Championship team in 1955. (Note: **Grey Whipple '55** tells us that he can provide a postal address for Dean's wife, Marcia, if anyone wants to send a note. If you want to send any anecdotes about Dean for the Class of 1955 website, you can send an e-mail to Grey at: Whipplelg@astound.net)

60s **David Thyssen '61** died on January 22, 2012 after a courageous fight with Amyotrophic Lateral Sclerosis (ALS) commonly known as Lou Gehrig's disease. After graduating from BHS, David attended San Jose State and graduated with an engineering degree. He received an MBA from Golden Gate University. In 1968, he joined the Peace Corps and served as a teacher for two years in Ethiopia. He enjoyed a long career as a packaging engineer and as an independent consultant developing solutions for companies such as Johnson & Johnson. Growing up, David developed a strong connection with the outdoors and throughout his life he joined his family on many backpacking, camping, and skiing trips. People who knew David remember him as one of the most honest and genuine people they have ever met. He loved to laugh and

spend time with those closest to him. Through his church, Menlo Park Presbyterian, David volunteered with "Bread of Life" providing meals to the hungry in his community. David is survived by his wife, Beverly, his three children, two grandchildren, his 96-year old mother, his sister **Dixie Thysen Laws '63** and brother, **Mark Thysen '68**.

Shirley Susan Amauric '67 announces the release of her paranormal/science fiction/romance book, "Rebel Prince". The book tells the story about a prince and his quest for his missing beloved in an unknown world. He sets out to the unknown world, unaware of the future that lies ahead of him. Shirley's book is available through Amazon.com

70s **Barrett "Scott" Jennings '72**

writes that he is now a recently separated dad with 3 teenagers. He is a General Real Estate appraiser serving Manhattan and Long Island. Scott has done a lot of yacht racing up and down the east coast, in Europe, and some on the west coast. He is a 4.5 level tennis player - all on clay courts.

Jim Karel '72 tells us that working with **Blanche Duffey '39** for a number of years during the early years of Panther Postscripts brings back fond memories. "She was truly a wonderful lady. I remember when we had all the addresses on her famous index cards!" (Note: we still have those 3" x 5" cards.)

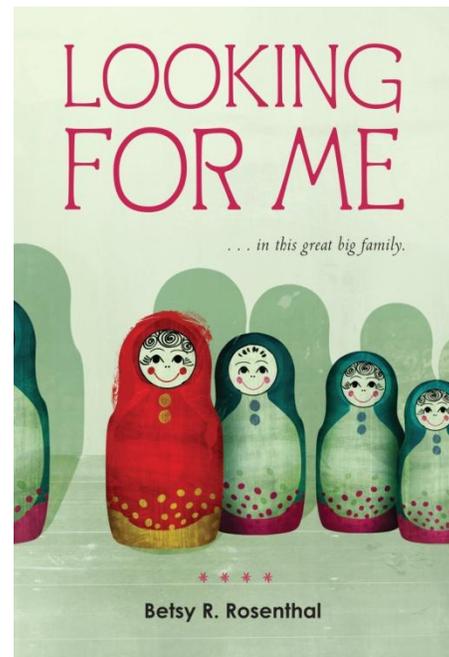

Russell "Rusty" Knudsen '74 provided this inspiring story about his friend and classmate, Mike Giron. Mike, **Class of 1974** star Football player and BHS Hall of Famer, came down to BHS to address the varsity Football team last month. Mike gave the gentlemen an awe inspired motivational talk about dedication, teamwork, perseverance and

camaraderie shared by playing together and the lifelong friendships you make and carry even after high school is over. Mike was joined by fellow **1974 classmates**, and lifelong friends; **Mike Glafkides, Pete Fena, Scott Roberts, Steve Mahlstedt and Rusty Knudsen. Pete Fena** and coach J. Philipopoulos worked out the surprise meeting with the varsity team before their first scrimmage game of the season. Pete Fena addressed the team after Mike to let the men know that each year there would be an award given to the player that overcomes adversity during the season, whether that was related to an injury, helping another player with game plans or study hall to keep academic eligibility, anything that showed perseverance throughout the season would be awarded the Mike Giron "Never Give Up Award". This would become an annual award that Mike will award each year at the completion of the season. The trophy will have the player's name inscribed on it and it will proudly be displayed in the Halls of Burlingame High School. See photos page 6.

George T. Kammerer, III '75 writes: "I have just celebrated 20 years as a partner with Sacramento's oldest law firm, Hefner, Stark & Marois. I've practiced environmental and land use law in Sacramento for nearly 25 years. My wife, Carolyn and I enjoyed a great three week honeymoon safari hunting in South Africa and Namibia a few years back. In Africa, the smell of the rain, sound of the birds, crunch of sand underfoot, and sight of the glorious sunsets, all give you an overwhelming feeling of being "at peace" and "at home". Africa truly is the cradle of our human origins. Today we have a beautiful, very happy, disabled (quadriplegic) son, Georgie, age 6, who is a real joy and takes most of our time. Living in the countryside among the wide

open spaces and abundant wildlife of east Sacramento County is great. My father **George Kammerer, II '48** is doing well at age 82, amazingly still hunting, fishing and sightseeing all over the world with my mother, Pat, age 80. All my best to my fellow Classmates of 1975."

Betsy R. Rosenthal's first novel *LOOKING FOR ME in this great big family* (Houghton, Mifflin), came out in April this year. This novel in verse is a look at the life of Edith Paul (Betsy's mother), who was one of twelve siblings growing up in Depression-era Baltimore. It is an enduring portrait (complete with family photos) of one family's pursuit of the American dream. Betsy's parents, Edith and Leon Rosenthal, still reside in Hillsborough where they've lived for the last forty years. Below is a picture of the book's cover. Note: Betsy graduated from BHS in **1975**
