ABOUT THE STAFF

ABOUT VANBIESBROUCK

John Vanbiesbrouck is the general manager of the 2024 U.S. National Junior Team, marking his sixth straight season serving in the capacity. The 2007 U.S. Hockey Hall of Fame inductee has previously represented the United States as a player on nine occasions, including one Olympic Winter Games (1998), two Canada Cups (1987, 1991), four men's world championships (1985, 1987, 1989, 1991) and two world junior championships (1982, 1983). A full-time employee of USA Hockey, Vanbiesbrouck began his duties as assistant executive director of hockey operations for USA Hockey on June 4, 2018. His responsibilities include oversight of all of USA Hockey's international efforts, including its men's, women's and sled programs as well as the National Junior Development Program.

ABOUT CARLE

David Carle is serving as head coach of the U.S. National Junior Team for the first time. In his sixth season as head coach of the University of Denver's men's ice hockey team in 2023-24, Carle has led the Pioneers to three NCAA tournament appearances overall in his tenure as head coach at DU, including the 2022 NCAA title. He had a 116-53-13 overall record in his first five campaigns with the Pioneers, which included a COVID-shortened season in 2019-20. Prior to being named head coach, Carle served four-and-a-half seasons as an assistant coach with Denver (2014-18), joining the program in 2014 following a season-and-a-half as an assistant coach (2012-14) with the Green Bay Gamblers of the United States Hockey League. As a player, Carle was recruited to play at Denver and spent four seasons (2008-12) as a graduate assistant coach after a medical diagnosis forced him to retire from his playing career. A 2008 NHL Draft-eligible prospect, Carle was drafted in the fourth round, 203rd overall, by the Tampa Bay Lightning.

ASSISTANT COACHES

USA Hockey has a talented group of assistant coaches, including NCAA Division I head coaches **Brett Larson** (St. Cloud State University) and **Garrett Raboin** (Augustana University), University of Minnesota associate head coach **Steve Miller** and David Lassonde, who serves as the national goaltending coach for USA Hockey. The U.S. also has **Travis Culhane** as video coach and **Brian Gallivan**, the performance coach at USA Hockey's National Team Development Program as part of its staff.

TEAM USA AMERICAN HOCKEY DEVELOPMENT TIES

USA HOCKEY'S AMERICAN DEVELOPMENT MODEL

The American Development Model, now in its 14th season, is USA Hockey's nationwide player development program for youth hockey associations. It's based on age-appropriate, age-specific competition and training for boys and girls, beginning with their first steps onto the ice and carrying them through age 18 and beyond. The ADM places a heightened emphasis on skill development and long-term athlete development principles, providing a blueprint for the best possible youth hockey experience.

At the younger age levels, it looks like fun and constant motion in small spaces. The ADM encourages station-based practices, small-area games and cross-ice competition to deliver more repetitions, more puck touches and more skill development per hour of ice time. It provides the most efficient, most engaging development path for children, keeping them both in the game and on a path toward their full potential.
