This is the resolution meeting for spring fields.

- Matrix was sent to all leagues.
- Only 1 representative from your league can represent you during negotiations. Please do not hoard fields, some leagues are growing and need additional space. Field usage should be dependent on player numbers.
- Please ensure RYSA has 2 valid e-mail addresses on file. We primarily communicate through e-mail, you may miss info.

Presentation by Owen Blake, Reno Sports Dome/Rosewood Recreation Preserve

- Private flat fields not run by city or RYSA.
- 300 acres, working with TMPF to make southern half a preserve and northern side (@120 acres) 6 multipurpose grass flat fields. Open to more fields possibly in the future....
- Also looking to add a small area for businesses that would help support the fields in some way.
- City council meeting at the end of March to see if the project can move forward, they have fund backers.
 - If excited about it, go speak for the project.
- Charge going market rates for use.
- Lights are in question...need to rest fields at night.
- Best case scenario...if City approves everything, possible completion Fall 2021?
- Also, new 120,000 sq ft sports dome opens in the south in October.

Business Meeting adjourned at 6:17pm and field resolution meetings started.
