#### Skating

Developing a correct skating stride is essential in progressing as a hockey player. Learn what edges are and how they impact your skaters on ice control.

#### Stickhandling, Passing & Shooting

Develop stickhandling, passing, and shooting skills that will give your player the confidence needed to start the season off right!

#### Small Area Games

Small area games focus on 1 vs 1 battle skills, playing in a small area and quick puck transitions.

#### Cross Ice Game Time

Controlled, cross ice games will help develop a love of the game! The goal is to have fun and encourage competitive hockey play for all players.
