---

Good Morning NYWAY Members and Families,

We would like to take a minute to thank everyone for their continued support of NYWAY and we appreciate the patience as we have been diligently working on a resolution to the cancellation. Last Wednesday, due to the Novel Coronavirus, we were notified of the cancellation of **ALL** activities at SUNY Brockport as well as at State Universities and City Colleges throughout the State of New York per Governor Cuomo and the New York State Health Department. This included our 2020 NYWAY Open & Girls State Championships.

As our Board of Directors is comprised of volunteers it has taken us a few days to collect our data and hold a meeting to discuss the matters we have been faced with. We have not received viable options for this year's event. Our Board of Directors have been monitoring this National health crisis and we have concluded that this year's event will **NOT** be rescheduled. Our organization will be providing refunds for the \$40 registration fee to all wrestlers registered for the 2020 NYWAY Open & Girls State Championship. Please understand that this is not a quick process as each fee will need to be refunded individually. Refunds will begin to be processed on March 23, 2020, once refunded an email will be sent and you will be asked to allow 6-10 business days for it to fully reach your account.

Across the country, the Coronavirus situation is evolving rapidly. NYWAY will provide regular updates to the public as we deal with the challenges, we all face together. Please regularly visit our website; [www.nyway.org](http://www.nyway.org) and our social media platforms for information going forward. Thank you again for your continued support, hug your families and take care of each other during this crisis.

The NYWAY Board of Directors will release information on the 2020-2021 NYWAY Season as we collect more information from Federal, State and Local Governments.

All regional tournaments, individual and club memberships are not refundable.

Thank you,
