

JHB Return to Play Policy

The highest priority of the Jamestown Hockey Boosters and the JHB Board of Directors has been and will continue to be ensuring the safety and health of our members. With the constantly changing environment surrounding COVID-19, JHB submits this plan for return to play and reserves the right to change or modify this plan as it becomes necessary. As an organization we expect that our members will be respectful and compliant to ensure the ability to compete during the 2020-2021 and following the guidelines set forth in this policy.

Expectations and Requirements

1. All JHB members will abide by the rules and expectations of the facilities in which we conduct practices and games. Every facility will have a unique set of protocols for use including locker rooms, arrival times, face masks, gatherings, check-ins, or spectators. Failure to comply with facility rules or protocol could result in the corrective action taken by JHB, NDAHA or USA Hockey.
2. If you or your child is feeling ill, STAY HOME and follow CDC and health authority guidelines and protocols.
3. If you or your child has tested positive for COVID-19, please follow CDC and state health department protocols. Please designate JHB Board Member, Adie Hobert, adie.hobert@prowl-hockey.com as a contact with the state health department. The designated board member will be the primary contact in notification of coaches and team family members.

The following are for informational purposes only and not part of our return to play plan. These are the current expectations of Jamestown Parks and Recreation for users of Eagles and Wilson Arenas.

1. Face masks are encouraged but not required. Face mask use will be a personal choice.
2. Locker rooms will not be made available and will be locked with the exception of scheduled games.
3. Participants are expected to arrive no sooner than 15 minutes before scheduled practices.
4. The only entrance available will be the main doors facing the south parking lot. Dressing and staging in the lobby area will not be allowed. Participants are expected after entrance to proceed to their assigned sheet of ice to finish dressing in their arena and must exit immediately after practice through the doors in either Eagles or Wilson rather than going back out through the main doors on the south end of the lobby.
5. Refrain from bringing more people to the rink than is absolutely necessary for scheduled practices.
6. Maintain social distancing while inside the facility.
7. Water fountains will not be available so bring your water bottles, the bottle fill on the water fountain is still operable.
