Parent Guidelines

- Register with SportsEngine. The Sports Engine account belongs to the parent/guardian and the player profile belongs to the account.
- Be sure you are receiving emails from Sports Engine. Verify your communications/notifications settings and select email and phone for the best communication. This will send you a text to your phone when an email is sent.
- Check your Team Page frequently for the calendar.
- **Volunteer!** It's a great way to get to know the players and other parents. Every player's family should volunteer at least once per season. We are ONE DAWSON and it takes us all to make the program successful.
- SportsYou is the communication tool for PLAYERS and COACHES. Parents should never use SportsYou as a means of communication.
- Things happen - remember that game dates/times/locations are always subject to change.
- All players must be **REGISTERED, HAVE A VALID SPORTS PHYSICAL and completed DCS Athletic Forms.**
- Free Sports Physicals for student-athletes on Wednesday, April 22nd, after school at DCHS!
